ICPS Capital Expenditure Plan - Overview

- In accordance with THECB Rule §17.101, by July 1 of every year, institutions of higher education are required to submit a Capital Expenditure Plan (MP1) as required by Texas Education Code, §61.0572(b)(4).
- In even-numbered years, the THECB also collects capital expenditure data from state agencies and shares the data with the Bond Review Board (BRB) for inclusion in its Capital Expenditure Report.
- The report includes projects that are planned within the next five years, regardless of funding source:
 - new construction projects \$1,000,000 or more
 - repair and renovation projects \$1,000,000 or more
 - information resource projects that cumulatively would total \$1,000,000 or more in one year
 - property purchases that cumulatively would total \$1,000,000 or more in one year.

ICPS Capital Expenditure Plan – History

- For many years, institutions of higher education had been required to submit capital expenditure plans to both the THECB, in the form of the Master Plan (MP1), and to the BRB, in the form of the Capital Expenditure Plan.
- The 77th Legislature eliminated this redundant reporting of institutional capital expenditure plans by rider in the General Appropriations Act (GAA).
- In addition, THECB agreed to collect all capital planning data from institutions of higher education and agencies and then to share the data with the BRB.
- This provision still exists today – GAA, 87th Legislature, Art IX, Sec 11.03(e)
- The following slides provide step-by-step instructions for using the THECB's web application, the Integrated Campus Planning System (ICPS), for reporting Capital Expenditure Plans.

ICPS Capital Expenditure Plan - Logging into the System

- A Few Notes Before Logging into the System:
- When THECB built this application, it was referred to as the MP1, so you will see that title used in the application occasionally. It means the same thing as the Capital Expenditure Plan (CEP).
- If you have not yet received a password, you can use a training log-in so you can follow along with this training. Be aware that since it's a shared log-in, you may see other practice records when you log-in. Username: train01, Password: Train01!
- At the end of the presentation, there are some sample exercises you can use to practice in the system. If you are using the training log-in, please do not press “Certify” at the end as this will not allow others to practice in the system. If you accidentally do this, please contact THECB so we can unlock it.

ICPS Capital Expenditure Plan - Logging into the System

TEXAS HIGHER EDUCATION COORDINATING BOARD

Resource Planning

Welcome to the THECB Campus Planning System.

Using your password and FICE Code/ Agency Number; Please log into the system.

Username:

Password:

- Using the URL below, access the Integrated Campus Planning System (ICPS) by entering your **Username** and **Password** and pressing the “Login” button.

ICPS Capital Expenditure Plan - What Users Can Do

1. Submit Records one of Two Ways:

- Edit Previous Year's Data (option available only for higher education institutions), or
- Enter New Records

2. Prioritize Records

3. View a Summary

4. Certify Records

ICPS Capital Expenditure Plan – Don't Forget to Save

- Caution: Save data frequently to avoid losing it!
- The “Add” or “Update” buttons at the bottom of the entry form must be selected to save inputs before moving to a new screen.

The image shows two rows of buttons from a software interface. The top row contains four buttons: 'Add', 'Submit Project Application for Consideration', 'Clear Changes', and 'Print Version'. The bottom row contains five buttons: 'Update', 'Submit Project Application for Consideration', 'Clear Changes', 'Delete', and 'Print Version'. Two blue arrows point to the 'Add' and 'Update' buttons respectively, highlighting them as the correct actions to save data.

Board Rule §17.101(2) Facilities Development Reports

(A) Facilities Development Plan (MP1). On or before July 1 of every year, beginning in 2004, an institution shall submit an update to its Facilities Development Plan (MP1) on file with the Board, as required by Texas Education Code, §61.0572(b)(4). In every even-numbered year, the Board shall provide Facilities Development Plan data to the Bond Review Board for inclusion in the Capital Expenditure Report. This report may include capital renewal and deferred maintenance projects. The data may be used by the Board to respond to legislative requests, predictions of future space need, and similar analyses. **The report shall include projects that are planned or may be submitted to the Board within the next five years, regardless of funding source:**

- (i) new construction projects \$1,000,000 or greater;
- (ii) repair and rehabilitation projects \$1,000,000 or greater;
- (iii) information resource projects that cumulatively would total \$1,000,000 or greater in one year;
- (iv) property purchases that cumulatively would total \$1,000,000 or greater in one year. (The actual property address or location for individual property acquisitions may be, but are not required to be, identified in a single proposed project entitled “property acquisitions” with a total cost of all purchases or acquisitions projected over the reporting period);
- (v) the funding source for any planned project identified in paragraph (2)(A)(i)(ii)(iii) and (iv) of this section; and

[I have read the Board Rule 17.101 regarding the MP1 definition and thresholds and I am ready to begin a new MP1](#)

ICPS Capital Expenditure Plan – Enter New Records

The screenshot shows a web form for entering new records. It is divided into two main sections: 'Square Footage' and 'Project Details'. The 'Square Footage' section contains four input fields: 'Gross Square Footage (GSF):', 'Net Assignable Square Footage (NASF):', 'Education and General Square Footage(E&G):', and 'Acres in Land Aquisition:' (with a value of 0). The 'Project Details' section contains four text areas: 'Legislative Authority:' (250 characters remaining), 'Potential Consequences of Postponing the Project:' (250 characters remaining), 'Revenue/Cost Savings:' (250 characters remaining), and 'Other Financing Methods Considered:' (500 characters remaining). Blue arrows point from the right side of the slide to the 'Square Footage' and 'Project Details' sections.

Square Footage

Gross Square Footage (GSF):

Net Assignable Square Footage (NASF):

Education and General Square Footage(E&G):

Acres in Land Aquisition:

Project Details

Legislative Authority: 250 characters remaining until full
(250 character maximum)

Potential Consequences of Postponing the Project: 250 characters remaining until full
(250 character maximum)

Revenue/Cost Savings: 250 characters remaining until full
(250 character maximum)

Other Financing Methods Considered: 500 characters remaining until full
(500 character maximum)

- Enter information in the “Square Footage” Section and the “Project Details” Section. Continue entering data into the applicable fields down the page.
- Important: Before starting on the “Financing” Section, use the “Add” button at the bottom to save the project.

Print out the certification form, sign, scan, and email it to the THECB contact.

If you end up needing to make changes to certified data before the reporting deadline, contact the THECB to re-open your institution's records.

ICPS Capital Expenditure Plan – Troubleshooting Tips

- If an error occurs after hitting “Add” or “Update”,
 - Make sure the totals add up and match in finance fields, and that all fields are filled out.
- **Do not include commas or punctuation in number fields.**
- If priorities are not in order or contain zeros as a priority rank,
 - Click on “Prioritize MP1” and select “Update Priorities”.
- You may receive an error messages when:
 - trying to select the “Cancel”, “Add”, or “Update” button(s) if you haven’t changed any of the existing information in the record yet, or
 - using the “Enter” key when moving between data fields (instead use the “Tab” key or the mouse to move to the next field)
- In either of these event, or if you get a server error message, click on “View MP1 Records” or use the “Back” arrow.

Questions?

Contact the THECB: If you are a higher education institution, for any reason, OR if you are a state agency with questions on using the web application.

Contact the BRB: If you are a state agency with questions about your password, project-specific questions, or questions on what interest rate to use for debt service.

THECB Contact: Christopher Zepeda, (512) 921-1841, christopher.zepeda@highered.texas.gov

BRB Contact: Nate Chacon, (512) 463-1741, nate.chacon@brb.texas.gov

Sample Exercises for Practice

The slides below provide sample projects/records to enter into the system for practice. There is no need to do all of them once you feel comfortable with using the system. You can also just use your own project details if you already have them.

The exercises are listed vertically across 2 pages, so for example, exercises 1-3, listed left to right, continue down on page 2, left to right. It may be easiest to print these pages out so you don't have to toggle between the ICPS system and these slides when practicing.

IMPORTANT: If you are cutting and pasting values from the exercises below into a practice record, you cannot paste numbers into the system without removing the commas. The system will generate an internal server error if you do.

When saving records, state agencies will see a message in red on the records that say “Building number not found in inventory” since the application is looking to match it against the institution’s facilities inventory data. This message can be ignored and you’ll still be able to use the “Mark Data Entry as Completed” button move forward.

Sample Records for Capital Expenditure Plan Training – Exercises 1-3 (Page 1)

Field	1. Construction New Building	2. Repair and Renovations	3. Lease Purchase
Name	Construct TCID Hospital Facility	Repairs and Renovations to Austin State Hospital	Installation of New Boiler
Building Number	BL01	All	Plant 1
Location	San Antonio (Bexar)	Austin	Waco
Description	The Texas Center for Infectious Disease plans to construct a new seventy-five bed hospital facility at the Texas Center for Infectious Disease campus. The continued deterioration of existing facilities may result decremented services. The new structure will eliminate the need for the existing structures and allow for increased efficiencies, better services, and a potential energy cost savings.	This project will make Repairs and Renovations to Austin State Hospital as a risk reduction measure. The postponement of the project increases risk of inspection failure and loss of certification, which could prevent federal reimbursements for services rendered. The cost avoidance associated with the project is to be calculated at the completion of the repairs and renovations.	Texas State Technical College plans to repair and renovate plant 1 old boiler. The project will prevent the facilities continued excessive energy usage and higher utilities expense. The new structure will allow for increased efficiencies, better services, and increased energy cost savings.
Type	New Construction	Repair and Renovation	Repair and Renovation
Total Cost	5,000,000	2,550,000	1,000,000
Start Month	June	April	January
Start Year	2020	2022	2021
End Month	June	April	January
End Year	2022	2025	2022
