

## TSIA2 Training On-Site Workshops: Schedule and Registration

The Texas Success Initiative Assessment, Version 2.0 (TSIA 2) **mandatory** training is for testing professionals from institutions of higher education and school districts/high schools, to introduce the TSIA2. TSIA2 will launch on August 31, 2020, at which time the current version of the TSIA will no longer be available.

The training will include:

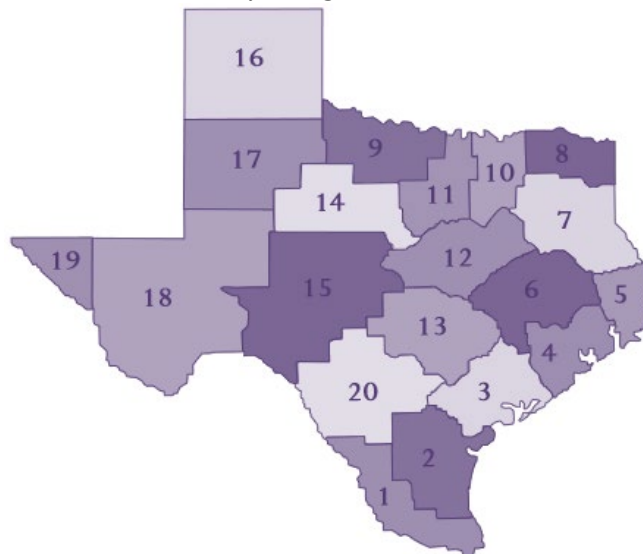

- an overview of new test content and structure,
- platform enhancements and related policies,
- an introduction to the TSIA 2 Learning Resource (a free, open-source learning tool that will link a student's diagnostic results to online learning content).

All institutions and school districts that currently administer TSIA and/or intend to administer the TSIA2 are **required** to send two test administrators\* or appropriate representative to this **mandatory** training. Attendees are **required** to bring a laptop computer or tablet (note: a power source for devices cannot be guaranteed at every training location). Training sessions will take place in each region, numerically represented on the map below. Please refer to the table to find the training sessions that will be offered in your region. Note, some regions will have sessions on more than one day. Attendees may register for training that is outside their region, subject to availability.

In addition, please join us at the ACCUPLACER National Conference, June 23 to 26, 2020 in Las Vegas, NV. TSIA2 training will be included in the conference schedule, along with additional sessions regarding multiple measures in placement decisions, math pathways, and other educational trending topics. [Click here to be directed to the conference website for more information.](#)

**\*\*\*Please note: A session may be cancelled due to low registration numbers. This decision will be made 1 week prior to training date. You will receive an email notification if the session you have registered for has been cancelled.**

*\*attendees must include at least one community college district/school district/university-level TSIA administrators*
