

TEXAS HIGHER EDUCATION ACCOUNTABILITY SYSTEM

Quick Start Guide

July 2017

INTRODUCTION

The Texas Higher Education Accountability System provides a wealth of data on the state of higher education in Texas.

The Accountability System is organized around the goals and targets of *60x30TX*, the State's higher education strategic plan. This guide provides an introduction to the Accountability System, including how to navigate the site, locate and retrieve data, and access additional resources.

Part I: Accessing Data Reports

Explains how to access data reports

Part II: Interactive

Offers guidance on the use of the interactive portal

Part III: Resources

Provides an overview of additional components of the Accountability System and Texas higher education data resources

The screenshot shows the homepage of the Texas Higher Education Accountability System. The header includes the 60x30TX logo, the text "Texas Higher Education Accountability System", and navigation links for Home, Resources, THECB, 60x30TX.com, and Interactive. A sidebar on the left lists categories: STATEWIDE, PUBLIC UNIVERSITIES, PUBLIC TWO-YEAR COLLEGES, PUBLIC HEALTH-RELATED INSTITUTIONS, and NON-TEXAS & CAREER INSTITUTIONS. The main content area features a large image of graduates and a section titled "Select a 60x30TX goal below to see related measures for **Statewide**:". Below this are four goal cards: "60x30: Educated Population" (By 2030, at least 60 percent of Texans ages 25-34 will have a certificate or degree), "Completion" (By 2030, at least 550,000 students in that year will complete a certificate, associate, bachelor's, or master's from an institution of higher education in Texas), "Marketable Skills" (All graduates from Texas public institutions of higher education will have completed programs with identified marketable skills), and "Student Debt" (Undergraduate student loan debt will not exceed 60 percent of first-year wages for graduates of Texas public institutions). A "Sector-Specific/Other" button is also present, with a note: "Used for measures not under the plan goals." On the right, there is a link to "Explore Interactive" with an upward arrow and a brief description: "Select Interactive above to view or download data customized by time periods, measures, institutions, and more."

The Accountability System homepage is available at:

www.txhigheredaccountability.org

I. ACCESSING DATA REPORTS

Data reports are prepared for each of the measures available in the Accountability System. Access individual data reports by following these steps:

1 Select a Sector

Sectors are shown on the upper left-hand side of the Accountability System landing page. The STATEWIDE sector is initially selected as the default. Click on the name of the sector you wish to select. Text for that sector will now be shown in red. Additionally, the text below the sector selection area will remind you which sector is selected.

Select a 60x30TX goal below to see related measures for **Public Universities**:

Note that the drop-down menus for PUBLIC TWO-YEAR COLLEGES and NON-TEXAS & CAREER INSTITUTIONS can be expanded by selecting the drop-down arrows or the text, as shown on the right.

Texas State Technical Colleges and Lamar State Colleges	
Community Colleges	
PUBLIC HEALTH-RELATED INSTITUTIONS	
▼ NON-TEXAS & CAREER INSTITUTIONS	
Two-Year Institutions	
Four-Year Institutions	

2 Select a Goal

Once you have selected the sector, choose the goal associated with the measure you are interested in. There are four goals of the 60x30TX Strategic Plan. Each of these has a button on the Accountability System homepage, and there is one additional button labeled “Sector Specific/Other.” One or more data reports are available for each measure, and the list of measures for each sector can be found on the Measures and Definitions page as discussed in Part III, Resources.

60x30: Educated Population

By 2030, at least 60 percent of Texans ages 25-34 will have a certificate or degree.

Completion

By 2030, at least 550,000 students in that year will complete a certificate, associate, bachelor's, or master's from an institution of higher education in Texas.

Marketable Skills

All graduates from Texas public institutions of higher education will have completed programs with identified marketable skills.

Student Debt

Undergraduate student loan debt will not exceed 60 percent of first-year wages for graduates of Texas public institutions.

Sector-Specific/Other

Used for measures not under the plan goals.

Please note: Data reports for “60x30: Educated Population,” which reflect attainment of a postsecondary certificate or degree, are only available for the STATEWIDE sector. Additional reports that are part of the Accountability System but are not directly related to one of the 60x30TX Strategic Plan goals are available under the category “Sector Specific/Other.” There are no “Sector Specific/Other” reports for the STATEWIDE sector, as none of these measures include data across all sectors.

3 Select an Institution, Peer Group, District, or System

Once you have selected the sector and goal, you can choose a specific institution, peer group, district, or system from the drop-down menu shown below.

4 View Reports

Once a sector, goal, and institution have been selected, the available reports will appear. Scroll down to view all available reports. If you need to close an open report, click on the white text in the blue bar at the top of the report to minimize the report and view the other reports listed below. The white text in the blue bar at the top of each report is used to toggle reports open and closed, as shown below.

60X30	COMPLETION	MARKETABLE SKILLS	STUDENT DEBT	SECTOR-SPECIFIC/OTHER
Selected Data for Public Universities				
C01UH - Degrees and Certificates Awarded				
C01UH- Degrees and Certificates Awarded (Econ Dis)				
Degrees and Certificates Awarded (Economically Disadvantaged)				
Economically disadvantaged undergraduates receiving a Certificate, Associate Degree or Bachelor's Degree.				
	2013	2014	2015	
	Count	Count	Count	Percent Change
Undergraduates Receiving an Award	46,827	48,785	50,579	8.01 %

Reports associated with key measures are listed first, pre-opened, and have a dark blue bar at the top. Reports associated with contextual measures have a light blue bar at the top, are not pre-opened, and are listed after those associated with key measures. A sample of contextual "Completion" goal measures is shown below.

C06U - Semester Credit Hours
C08UH - Students Receiving Pell
C09U - Students in Texas Top 10% and Top 25%
C11U - Persistence Rates

5 Filter Reports

Many reports have filters that allow users to drill down into the data. The filters are initially selected by default and displayed in blue, as shown below.

Master's	47,818	52,371	53,379	11.63 %
Doctoral Research Scholarship	4,849	5,013	4,956	2.21 %
Doctoral Professional Practice	6,179	6,483	6,364	2.99 %

II. INTERACTIVE

Data can be accessed interactively in order to produce customizable reports.

1 Select and Filter

Click the “Interactive” link on the top, right side of the site. Then, click on the “Create a Report” link. After each selection you make, the next set of options will appear, in the following order: Institution Type, Institution, data you would like to see. If the chosen report has filters, those will also appear.

Select Institution Type:

Public University ▼

Select Institution:

Angelo State University ▼

What data would you like to see?

Students receiving Pell ▼

2 View and Download

Once you have selected the data, confirm or modify any pre-selected filters that appear and click the “View Report” button. The report will display at the bottom of the screen, along with options to create a CSV (Excel) file or a PDF. To download the report, click on either “Create CSV” or “Create PDF.” This will open a prompt that will allow you to either open or save the file.

Create CSV

III. RESOURCES

Users of the Accountability System will find useful content in the “Resources” section that provides important context to the data reports. This section includes measures and definitions as well as detailed information on institutional peer groups.

Measures and Definitions

Descriptions of the methodology behind each report can be found in “Measures and Definitions,” which is located in the drop-down menu under “Resources,” as shown below. Measures and Definitions are organized by sector.

The screenshot shows the 60x30TX Accountability System website. The top navigation bar includes links for Home, Resources (with a dropdown menu), THECB, 60x30TX.com, and Interactive. The Resources dropdown menu is open, showing options for History, Intellectual Property Policies, Peer Groups, and Measures & Definitions. The Measures & Definitions option is selected. Below the navigation bar, there is a section for 'STATEWIDE' goals, including PUBLIC UNIVERSITIES, PUBLIC TWO-YEAR COLLEGES, PUBLIC HEALTH-RELATED INSTITUTIONS, and NON-TEXAS & CAREER INSTITUTIONS. A central image shows a group of graduates in caps and gowns. To the right, there is a link to 'Explore Interactive' with a description: 'Select Interactive above to view or download data customized by time periods, measures, institutions, and more.' Below this, a prompt says 'Select a 60x30TX goal below to see related measures for Statewide:'. There are four goal buttons: '60x30: Educated Population' (blue), 'Completion' (red), 'Marketable Skills' (yellow), and 'Student Debt' (green). Each button has a description of the goal. Below these buttons is a 'Sector-Specific/Other' button (purple) with a description: 'Used for measures not under the plan goals.'

Peer Groups, Systems, and Districts

Reports are available for multiple levels of aggregation. Apart from statewide reports for all institutions, there are statewide reports by institution type, such as Public Universities or All Public Two Year Colleges. Additionally, reports are available by peer group, system, and district.

Peer Groups

Peer groups are explained in greater detail in the “Resources” section of the Accountability System. These groups can be used to compare similar institutions.

University Systems

There are six Texas university systems. Reports can be created by system and for each institution within a system.

Community College Districts

Texas has six community college districts. Data is reported in the Accountability System by campus for these community colleges and is also aggregated at the district level.
