

**FAST Program Participation**

FAST is an optional program available to public institutions of higher education in Texas (as defined under [Texas Education Code, Section 61.003\(8\)](#)). The program provides funding to institutions so they can offer dual credit courses to educationally disadvantaged students at no cost. Each institution that is participating for the fall 2023 and spring 2024 semester is indicated below with a “✓”. For FY 2024, institutions that do not have a check mark can still opt-in until March 15, 2024, for the spring 2024 semester, at which point this list will be updated.

**NOTE:** Institutions must have an agreement, as outlined in [Texas Administrative Code, Section 4.84](#), with a public school district or charter school to receive FAST funding for the dual credit courses being offered to eligible students.
