

[NAME] COLLEGE [YEAR OF PLAN] CORRECTIVE ACTION PLAN-FACILITIES

Correction Timeline
 1. Enter check to assign target completion year.
 2. Upon Completion, enter Semester of Correction & Documentation of Action.
 (Documentation: Ref. No. of Submitted Photos or Work Order #)

Building or Area	Secondary identifier	Other identifier if needed	External Review Findings	External Review Corrective Action	2024-2025 [due date]	2025-2026 [due date]	2026-2027 [due date]	2027-2028 [due date]	Other dates/years as needed
Auditorium	2	3	Backstage dressing rooms areas do not have an accessible make-up counter or accessible restrooms. ADA 2010 206.2.6 requires that an accessible route shall be provided from the performance area to ancillary areas or facilities used by performers. There are no applicable exceptions.	Modifications to provide backstage accessibility will reduce available square footage in an already constrained area (that is housing stage equipment and props). Consider combining an accessibility project that combines the needs of item AFA-1 and AFA-2. For purposes of estimating the cost of the restroom addition is listed below as a separate capital planning items from AFA-1. Modify Make-up area counter - a 4 LF section.					
Arts Lab	3	3	Sinks at Ceramics and painting are not accessible.	Based upon age of facility: remove and replace the sink base to provide a front approach sink. Options include leaving the existing deep sinks in place and adding an addition accessible sink adjacent to the existing.					

Building or Area	Secondary identifier	Other identifier if needed	External Review Findings	External Review Corrective Action	2024-2025 [due date]	2025-2026 [due date]	2026-2027 [due date]	2027-2028 [due date]	Other dates/years as needed
