SUBJECT: Aerospace Technology Research Report

The Aerospace and Aviation Office partners with the Coordinating Board on its charge to foster technological advancement and economic development for aerospace-related industries by strengthening higher education programs and supporting aerospace activities as directed by Texas Government Code, Chapter 481, Subchapter A, Section 481.0066.

The Aerospace and Aviation Office is required to submit a report to the legislature and governor by December 1 of each even-numbered year. As part of the partnership, the Coordinating Board provides a summary of aerospace technology research conducted by public senior colleges or universities and includes it in the report. The summary of aerospace technology research is available online at <https://reportcenter.highered.texas.gov/AerospaceResearchReportOct2020>.

If you have any questions or need additional information, please contact me or Stacey Silverman, Ph.D., Assistant Commissioner for Academic Quality and Workforce at (512) 427-6206 or via e-mail at stacey.silverman@highered.texas.gov.
