Memorandum

To: Directors of Financial Aid, Public and Private/Independent
Institutions of Higher Education

From: DeChà Reid, Director III
Student Financial Aid Programs - Operations

Date: June 26, 2025

Subject: 2026-2027 Biennium State Work-Study Program Final Allocations

On June 6, 2025, the Texas Higher Education Coordinating Board (Coordinating Board) announced the 10-day data review to institutions for the State Work-Study Program. Institutions had 10 business days to review the data, with the review period ending June 20, 2025. Through this process, the Coordinating Board received comments about the data and adjusted the allocation calculations to reflect those comments.

Enclosed are the State Work-Study Program **final allocations** for Fiscal Years 2026 (2025-26) and 2027 (2026-27). As a reminder, the Texas College Work-Study Program and Work-Study Student Mentorship Program were combined into a single allocation, and allocations for both years of the biennium are provided. In addition, the State Work-Study Program appropriation also supports the Texas WORKS Internship Program, which is a separate program that is not covered by this allocation process.

Institutions choosing to participate in both programs must disburse a minimum of 25% of their allocation to students participating in the mentorship program. Institutions indicating participation in only one work-study program may only use allocated funding for the program in which they indicated intention to participate. Final allocation amounts are based on each institution's **intent to** participate in one or both state work-study programs, in accordance with [Texas Administrative Code, Chapter 22.133\(a\)](#).

For questions, please call 844-792-2640 or submit a [Help Desk ticket](#) through the Grant and Aid Processing Platform.
