

AGENDA

Training Webinar for Submission of SB25 Recommended Course Sequence Reporting

May 2021 / Zoom

Enhance stakeholder understanding of SB25 recommended course sequence reporting requirements and the reporting format for submission of fall 2021 data to the Coordinating Board.

Objectives

- Develop a clear understanding on legislative requirements, THECB perspective on SB25 recommended course sequencing reporting, usage of data to support MapMyPath, alignment of data with existing reporting to THECB, and required reporting for fall 2021.
- Identify institutional submission guidelines and requirements for fall reporting.
- Walk through the data reporting template including major components, parameters, and key variables. Information will be grounded in example recommended course sequence data.
- Provide an opportunity for questions about the submission process and reporting template.
