Handout Provided: No		Formal Decision/Action Required Expansion of TASFA Subcommittee/Submit nominations
Presentation Summary: Claudette Jenks provided the following updates: <ul style="list-style-type: none"> H.B. 3 <ul style="list-style-type: none"> TEA has established a financial aid graduation requirement webpage, accessible through TEA's Counseling, Advising, & Students (CASS) website. TEA's advisory committee provided the following recommendations to assist agency in adopting rules related to graduations requirements submitted Jan. 1: <ul style="list-style-type: none"> establish a distribution timeline for TASFA and FAFSA applications as well as a form for students to opt-out of completing a financial aid application. (Opt-out form will be available on CASS webpage) school districts are required to report the number of completed and submitted application, as well as student exceptions received. requirement of compliance with federal laws concerning confidentiality. TEA has established a contract with Texas OnCourse; staff will be housed at THECB. H.B. 2140 <ul style="list-style-type: none"> E-TASFA funding still being determined. Also identifying internal and external funding streams. The Texas Application for State Financial Aid Advisory Committee met with California Student Aid Commission who has already developed their own state's student financial aid application similar to FAFSA, and we will be working with THECB to get an MOU in place to assist in developing our own similar application. A request for extension of time to make available e-TASFA online application was sent to the legislator, doing so would avoid significant work that would be completed within a year in efforts to align the implementation of the new simplification bill (expected availability of online application: October 1, 2022 for the 2023-2024 academic year). Other areas of development considered by THECB not included in other convening of the committee: <ul style="list-style-type: none"> What it means to integrate e-TASFA into the Apply Texas system.

Meeting Notes
March 4, 2021
(To be approved at the June 3, 2021, FAAC Meeting)

<ul style="list-style-type: none"> ○ Institutions of Higher Education renewal process. ○ Consideration of expansion of the FAAC's TASFAC sub-committee to expand feedback opportunities to assist in the E-TASFA scope of work as well as the paper TASFA. 	
<p>Discussion:</p> <ul style="list-style-type: none"> ● Robert Merino - TASFAC sub-committee should include more private school representation, as well as representation from the Rio Grande Valley. ● Committee members agreed with the expansion of the TASFA sub-committee role. 	
Agenda Item 5. Update: External Relations	John Wyatt, Senior Director, External Relations
Handout Provided: Yes	Formal Decision/Action Required N/A
<p>Presentation Summary:</p> <p><u>Budget:</u> Commissioner Keller has testified before the Senate Finance and House Appropriations Committee on the importance of investing adequately in higher education.</p> <ul style="list-style-type: none"> ● Both the Senate and House General Appropriations Act have introduced bills in both chambers that include a 5% reduction of the major financial aid programs. ● THECB's budget proposal for the next biennium include the following two exceptional items: <ul style="list-style-type: none"> ○ Restoration of the 5% base cut, which is approximately \$57 million dollars across the 3 major financial aid programs – requesting to return budget back to the level set for the current biennium. ○ Requested additional \$110 million funding to maintain funding for the service level for the major financial aid programs for next biennium. <p><u>Policy:</u></p> <ul style="list-style-type: none"> ● As it relates to policy aspect of Higher Education, Charles has shared with the committee bills filed by legislators, (e.g., Promise Grant Programs, and new exemption bills). Deadline for filing bills is March 12, 2021; however, it is unclear as to what bills will advance during this session. ● John does not foresee major groundbreaking Higher Ed. legislation being advanced this session. Health and safety protocols have limited legislators' ability to maintain workflow while having to address COVID19, budget deficient, a re-districting year, and the recent power outages. ● The legislature is also aware of the misalignment issues with the FAFSA Simplification Act (FSA) and the new required e-TASFA implementation. <p><u>Q&A:</u></p> <ul style="list-style-type: none"> ● Committee asked if there are ways to assist the legislation to rectify issues surrounding the timing and misalignment challenges facing the FSA and electronic TASFA? Institutions and various leadership should increase awareness of these issues and reach out to legislators about these challenges as it always good for legislators to hear from more than one entity within the higher education industry. ● Committee asked if consideration was given to the loss of income for families when determining the additional \$110 million budget request? Numbers were based on last summer's growth factors for the financial aid programs; however unusual growth due to the pandemic was not factored in; however, budget information provided to the legislature are normally estimates. ● Committee asked how would additional COVID19 relief funds received (CRSSA Act) flow down to universities? Federal funds going directly to institutions have already gone out through the CARES Act – GEER funds. \$175 million went to Coordinating Board to support financial aid programs through CARES ACT GEER funding. The additional GEER funding (CRSSA Act) received by the Governor's office who will determine how those additional funding will be allocated to support primary, secondary, and higher education. Committee was directed to review meeting handouts that contain information regarding the initial GEER funds received and impact of the EEG's (Emergency Educational Grants) as well as demographic information regarding recipients. Feedback received from institutions was tracked by CB on best practices and helpful insights. 	
Agenda Item 6. Update: Legislative Recommendation Subcommittee	Arnold Trejo
Handout Provided: No	Formal Decision/Action Required N/A
<p>Presentation Summary:</p> <ul style="list-style-type: none"> ● Discussion: <ul style="list-style-type: none"> ○ FAFSA Simplification Act (FSA) implementation - identify opportunities to align state programs with federal requirements) as it relate to selective service and prior drug convictions certification ○ compliance issues surrounding the net price calculator (NPC) being down--- workaround is being considered by using the Federal NPC. ○ cost implication involved with building the e-TASFA and possible future modifications to be compatible with the FSA ○ E-TASFA solution for returning college students ○ more cross-representation for sub-committee including private entities needed ○ possible legislation may be required if unable to meet implementation deadline; requesting time extension for building the e-TASFA to align with FSA requirements

<ul style="list-style-type: none"> ○ requested information as to what previous legislation issues addressed by past sub-committee <p>Points of interest for sub-committee:</p> <ul style="list-style-type: none"> ○ impact of FSA on Student-aid-index (SAI) and state grant programs ○ advertising and marketing communications that inform students and families of the e-TASFA application process ○ Promise programs bills – new monies for programs vs institutions using TEOG and TEXAS Grant monies ○ identify barrier issues that can be addressed through amendments to TAC and/or guidelines ○ develop rules that reference following federal regulations rather than developing new rules as it relates to e-TASFA ○ continued use of the term expected family contribution (EFC) in rules vs changing term to SAI will not affect the statute; the new need analysis (SAI) is valid and will still support state grant programs, however still working to determine what exactly is changing about the SAI in determining highest need students. ○ additional areas of alignment include SAP -- policies not aligning does pose an hinderance when counseling students and for graduating students (alignment of terminology timeframe and time of review is needed). <p>Q&A Has there been any research of the retention and graduation rates of low-income student losing the TEXAS Grant aid going into the third year? Currently not aware of a review done at the agency level of statewide aid and whether SAP policies have a negative impact on lower income students.</p> <p>(Note of clarification: SAP first renewal year is aligned however, second renewal year and beyond is when SAP misalignment occurs).</p>
