

Agency Strategic Planning Update

Commissioner Harrison Keller, Ph.D.

Texas Higher Education Coordinating Board

Agency Strategic Planning Update

We have been working with Delivery Associates to strengthen connections between long-term outcome goals and agency activities.

Capacity Review

Snapshot of the Coordinating Board's current capacity to deliver on its strategic initiatives to inform our strategic planning going forward

Strategic Architecture

Single articulation of the Coordinating Board's key strategic goals as a strong framework for a comprehensive strategic plan

Delivery Planning

Delivery Plans for College + Career Advising and Workforce Reskilling + Upskilling to accelerate these priorities and model planning aligned with the Strategic Architecture

Routines and Practices to Drive Delivery

Delivery Routines and best practices developed in partnership with the PMIO to continuously assess and drive progress toward outcomes

Texas Higher Education Coordinating Board

Strategic Architecture: Linking outcome goals to agency priorities

Advance Economic Resiliency

Building a talent-strong Texas to propel continued growth of the economy and position the state to successfully rebound from economic challenges.

Expand Opportunities

Ensuring opportunities for economic mobility for every Texan.

Innovate for Tomorrow's Texas

Harnessing the power of innovation to create a more vibrant future for Texas and its residents.

Facilitate Collaborative Partnership

Serving as a supportive partner to higher education stakeholders across the state in pursuit of our goals.

Texas Higher Education Coordinating Board

Agency Strategic Planning

Next Steps

- Identify workstreams, timelines, assignments, and key performance indicators to monitor progress on key priorities
- Work together with TEA and TWC on college & career advising and workforce reskilling & upskilling priorities
- Design routines and practices to help the agency closely manage the delivery of strategic goals
