State Compliance Monitoring Plan

Overview - represents our evaluation of the highest risks; as required by professional standards

- Plan derived using systematic process; we look at quantitative information and qualitative information; collaborative input
- Risk-based coverage of statutorily defined areas:
 - Data integrity of (primarily) formula funding;
 - Compliance by IHEs of financial assistance funds received; and
 - Compliance with sexual misconduct-related statutes.
- Other required areas:
 - Follow up on corrective action implementation; and
 - External peer review once every three years

State Compliance Monitoring Plan

Additional Detail for State CM Plan

- State CM is more quantitative centric since it is compliance-based and more quantifiable across many institutions. State CM has specific statutory requirements for risk-based review.
- State CM has specific statutory risk assessment categories:
 - The amount of student financial assistance or grant funds allocated to the institution by the Board;
 - Whether the institution is required to obtain and submit an independent audit;
 - The institution's system of internal controls;
 - The length of time since the institution's last desk review or site visit;
 - Past misuse of funds or misreported data by the institution; and
 - Regarding data verification, whether the data reported to the Board by the institution is used for determining funding.
