

SUPPLEMENTAL MATERIALS

Committee on Innovation, Data, and Educational Analytics

AGENDA ITEM V-D

Consideration and possible action to approve the recommended appointments to the Health-Related Institutions Formula Advisory Committee

RECOMMENDATION: Approval

Background Information:

Texas Education Code, Section 61.059(b) requires the Texas Higher Education Coordinating Board (THECB) to “devise, establish, and periodically review and revise formulas for the use of the governor and the Legislative Budget Board in making appropriations recommendations to the legislature for institutions of higher education...As a specific element of the periodic review, the board shall study and recommend changes in the funding formulas based on the role and mission statements of those institutions of higher education. In carrying out its duties under this section, the board shall employ an ongoing process of committee review and expert testimony and analysis.”

To assist in this process, advisory committees are established to prepare recommendations to the Board of the THECB (Board). In each summer of odd-numbered years, two committees are convened: the General Academic Institutions, Technical Colleges, and Lamar State Colleges Formula Advisory Committee and the Health-Related Institutions Formula Advisory Committee.

Texas Education Code, Section 61.059(b-1) requires:

- 1) the Commissioner of Higher Education to solicit recommendations for the committee's membership from the chancellor of each university system and from the president of each institution of higher education that is not a component of a university system; and
- 2) the Board to appoint representatives of a cross-section of institutions representing each of the institutional groupings under the Board's accountability system.

The proposed list of Health-Related Institutions committee members is provided.

Emily Cormier, Assistant Commissioner for Funding, will be available to answer questions.

Formula Advisory Committees for the 2024-25 Biennium

Texas Education Code, Section 61.059(b) requires the Texas Higher Education Coordinating Board (THECB) to “devise, establish, and periodically review and revise formulas for the use of the governor and the Legislative Budget Board in making appropriations recommendations to the legislature for all institutions of higher education...As a specific element of the periodic review, the board shall study and recommend changes in the funding formulas based on the role and mission statements of those institutions of higher education. In carrying out its duties under this section, the board shall employ an ongoing process of committee review and expert testimony and analysis.”

To assist in this process, advisory committees are established each summer of odd-numbered years to prepare recommendations to the board of the THECB (Board). On June 6, 2023, a request for nominations was sent to all chancellors and presidents of the public higher education institutions as required by Texas Education Code, Section 61.059(b-1). Nominations have been received and are presented to the Board to appoint representatives of a cross-section of institutions representing each of the institutional groupings under the Board's accountability system. Nominees are appointed for a three-biennium term. If an appointee leaves the institution or requests to be removed from the committee, a replacement will be nominated to serve the remaining term.

Individuals shown in each of the committees include the existing members and terms, new members recommended for appointment to complete a vacant term, and new members nominated for a six-year term to end in 2028.

The following individuals are nominated to serve the terms as displayed below. This creates a rolling six-year term for the committee.

**Health Related Institutions Formula Advisory Committee
for the 2026-2027 Biennium**

Name	Institution
Angelica Marin-Hill (2026) Vice President for Government Affairs and Policy	The University of Texas Southwestern Medical Center 5323 Harry Hines Blvd. Dallas, TX 75390-9131
