Our work included procedures to verify:

- Students met all eligibility criteria including SAP requirements;
- Students demonstrated financial need;
- Students fulfilled residency requirements;
- Reported award amounts reconciled with student information system data and payment records;

- Students were enrolled at least half-time; and
- Students were in a course of study leading to an associate, baccalaureate, graduate, or higher degree.

Background

- Be a Texas resident;
- Be registered with Selective Service, or be exempt;
- Be enrolled at least half-time in a course of study leading to an associate, baccalaureate, graduate, or higher degree or be enrolled in an approved Alternative Educator Certification Program; and
- Meet the satisfactory academic progress requirements set by the institution.

Texas Administrative Code, Title 19, Part 1, Chapter 1, Subchapter A, Section 1.13 (b)(2) states, "The purpose of the Board's risk assessment process and compliance methodologies is to maximize the effectiveness of monitoring funds allocated by the Board and data reported to the Board. The agency-wide, risk-based compliance monitoring function is established for... (A) funds allocated by the Board to institutions of higher education, private or independent institutions of higher education, and other entities, including student financial assistance funds, academic support grants, and any other grants, to ensure that those funds are distributed in accordance with applicable law and Board rule."
