Honorable Greg Abbott, Governor Honorable Glenn Hegar, State Comptroller John McGeady, Assistant Director, Legislative Budget Board Lisa R. Collier, First Assistant State Auditor

#### Ladies and Gentlemen:

We are pleased to submit the Annual Financial Report of Sul Ross State University for the year ended August 31, 2020, in compliance with TEX.GOV'T CODE ANN §2101.011 and in accordance with the requirements established by the Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements — and Management's Discussion and Analysis — for State and Local Governments, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report (CAFR); therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Jim Goodman at 432-837-8076 or Corina Ramirez at 432-837-8042.

Sincerely,

Pete P. Gallego President

Notes to the Financial Statements For the Year Ended August 31, 2020

#### Note 1: Summary of Significant Accounting Policies

#### **Reporting Entity**

Sul Ross State University ("the University") is an Institution of Higher Education of the State of Texas and its financial records comply with State statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Reporting Requirements.

Due to the statewide requirements embedded into Governmental Accounting Standards Board Statement (GASB) No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements of this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

#### **Fund Structure**

The accompanying financial statements are presented on the basis of funds. A fund is considered a separate accounting entity. In accordance with GASB No. 35, the University is reporting as a special-purpose government entity engaged only in Business-Type Activities within the Proprietary Fund Type. The accompanying entity-wide Financial Statements are prepared as such.

#### **Proprietary Fund**

#### **Business Type Activity**

Business type funds are used for activities that are financed through the charging of fees and sales of goods or services to the ultimate user. Institutions of higher education are required to report their financial activities as business type because the predominance of their funding comes through charges to students, sales of goods and services, and grant revenues.

#### **Blended Component Units**

No component units have been identified which should have been blended into an appropriation fund.

#### **Discrete Component Units**

Sul Ross State University has no discrete component units.

#### **Basis of Accounting**

For financial reporting purposes, the University is considered a special-purpose government engaged only in Business-Type activities. Accordingly, the University's financial statements have been presented using the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. The proprietary funds utilized by the University distinguish operating from non-operating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with ongoing operations. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All significant intra-agency transactions have been eliminated.

# **Sul Ross State University**

# Notes to the Financial Statements For the Year Ended August 31, 2020

#### **Budget and Budgetary Accounting**

The budget is prepared biennially and represents appropriations authorized by the Legislature and approved by the Governor (the "General Appropriations Act"). Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

#### Assets, Liabilities, and Fund Balances/Net Position

#### **Assets**

#### Cash Equivalents

For purposes of the statements of cash flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

#### Investments

The University accounts for its investments at fair value in accordance with GASB Statement No. 72, Fair Value measurement and Application. Fair value, which is determined based on quoted market prices, is the amount at which an investment could be exchanged in a current transaction between parties other than in a forced or liquidation sale. Changes in unrealized gains (losses) on the carrying value of investments are reported as a component of investment income in the accompanying in the Statement of Revenues, Expenses, and Changes in Net Position.

#### Accounts Receivable

Accounts receivable consists of tuition and fees charged to students and auxiliary enterprise services provided to students, faculty and staff. Accounts receivable also includes amounts due from the Federal government, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts.

#### **Inventories and Prepaid Items**

Inventories are carried at the lower of cost or market on or the average cost basis. The consumption method of accounting is used to account for inventories and prepaid items. The costs of these items are expensed when the items are consumed.

#### Restricted Assets

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenue bonds and revenues set aside for statutory or contractual requirements.

#### **Unearned Revenues**

Unearned revenues include amounts for tuition and fees, certain auxiliary activities, and amounts from grant and contract sponsors received prior to the end of the fiscal year but related to the subsequent accounting period.

#### Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. Livestock for educational purposes is recorded at estimated fair value. For equipment, the University capitalizes all items with a unit cost of \$5,000 or more. Renovations to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense is incurred.

# **Sul Ross State University**

# Notes to the Financial Statements For the Year Ended August 31, 2020

Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Inexhaustible assets such as works of art and historical treasures are not depreciated.

#### Liabilities

#### Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

#### **Compensated Absences**

Employee vacation pay and overtime is accrued at year-end for financial statement purposes. The liability is recorded at year-end as Employee Compensable Leave (current and non-current) in the statement of net assets. The expense is recorded as a component of operating expenses in the statement of revenues, expenses and changes in net position.

#### Other Liabilities – Current and Non-Current

Other Payables are the accrual at year end of expenditure transactions not included in any of the other payable descriptions.

#### **Net Position**

The difference between fund assets and liabilities is "Net Position" on proprietary fund statements.

#### Invested in Capital Assets, net of related debt

This represents the University's total investment in capital assets net of accumulated depreciation.

#### Net Position – Restricted

Restricted net position results when constraints placed on net position use are either externally imposed by creditors, grantors, contributors, and the like or imposed by law through constitutional provisions or enabling legislation.

Expendable – net position use is subject to externally imposed stipulations that can be fulfilled by actions pursuant to those stipulations, or that expire by the passage of time.

Non-expendable – net position use is subject to externally imposed stipulations that it be maintained permanently. Such assets include the principal of permanent endowment funds.

#### Net Position - Unrestricted

Unrestricted net position consists of net position that does not meet the definition of the preceding categories. Unrestricted net position often has constraints on resources, which are imposed by management, but can be removed or modified.

#### Income Taxes

The University, as an agency of the State of Texas, is excluded from Federal income taxes under Section 115(1) of the Internal Revenue Code, as amended.

#### Classification of Revenues

The University has classified its revenues as either operating or non-operating revenues according to the following criteria:

# **Sul Ross State University**

# Notes to the Financial Statements For the Year Ended August 31, 2020

Operating revenues — Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, (3) some federal, state, and local grants and contracts and Federal appropriations, and (4) interest on institutional student loans.

**Non-operating revenues** – Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as gifts and contributions, and other revenue sources that are defined as non-operating revenues by GASB, such as state appropriations and investment income.

#### Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses, and Changes in Net Position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other Federal, state or nongovernmental programs are recorded as either operating or non-operating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

#### **Interfund Activities and Balances**

The agency has the following types of transactions between funds:

#### Transfers

Legally required transfers that are reported when incurred as "Transfers In" by the recipient fund and as "Transfers Out" by the disbursing fund.

#### Reimbursements

Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.

#### **Interfund Receivables and Payables**

Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter, the balance is classified as "Current". Repayment due in two (or more) years are classified as "Non-Current."

#### **Interfund Sales and Purchases**

Includes charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund and expenditures or expenses of the disbursing fund.

The composition of the agency's interfund activities and balances are presented in Note 12 Interfund Activity and Transactions.

#### **CARES Act**

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law on March 27, 2020. The CARES Act authorized more than \$2 trillion in relief to individuals, businesses, and nonprofit and government organizations impacted by COVID-19. The University received or expects to receive funding primarily under two federal programs, the Governor's Emergency Education Relief Fund (GEERF) and the Higher Education Emergency Relief Fund (HEERF).

GEERF funding, awarded to the State of Texas Governor's Office and passed through the Texas Higher Education Coordinating Board to the University, provides direct financial assistance to support students' efforts to continue or restart their progress toward earning a post-secondary credential or degree. Initial GEERF awards totaling \$191,104 were awarded to maintain need-based financial aid programs and keep more students enrolled at colleges and universities. The initial awards were followed by an additional \$184,887 in emergency student support to allow students whose families have been severely financially impacted by COVID-19 to stay enrolled in higher education.

HEERF funding, awarded directly to the University, provides support to prevent, prepare for, and respond to COVID-19. The University's awards totaled \$1,779,991. Under the terms of the grant agreements, at least 50% of the funds are used to provide emergency financial aid grants to students for expenses related to the disruption of campus operations due to COVID-19. The remainder of the award may be used to cover costs associated with significant changes to the delivery of instruction due to COVID-19, subject to certain restriction outlined in the grant agreements.

In addition to the programs above, the University received federal stimulus funding through the Minority Serving Institutions Program, in the amount of \$129,854.

The revenues from these programs are earned by fulfilling the terms and conditions of the agreements with the funding agencies and are therefore recognized when qualifying expenditures are incurred and eligibility requirements are met.

A summary of CARES Act funding awarded, expensed as of August 31, 2020, and the balance of the unearned amounts are presented below:

#### **Investments**

SRSU is authorized to invest operating funds in obligations and instruments as defined in the Public Funds Investment Act (Sec. 2256.001 Texas Government Code) and the Public Funds Collateral Act (Texas Government Code 2257). The Operating Funds Investment Policy of SRSU is designed to provide the maximum safety of invested principal, ensure liquidity for all operating requirements which may be reasonably anticipated, manage interest-rate risk, maximize overall return within the established risk constraints, and provide for diversification of investment assets.

Endowment funds represent private funds including, but not limited to, gifts of property, stock, and real assets, donated to SRSU to provide funding for scholarships, fellowships, professorships, academic chairs, and other uses as specified by the donor. It is the policy of SRSU to invest endowment funds in accordance with the Uniform Prudent Management of Institutional Funds Act (UPMIFA), the Texas Property Code Chapter 163.

SRSU values its investments at fair value. GASB Statement No. 72, Fair Value Measurement and Application, defines fair value as the price received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value is an exit price at the measurement date from the perspective of the market participant that holds the asset. This is a market-based measurement. GASB 72 also establishes a fair value hierarchy that classifies inputs to valuation techniques into three levels:

- Level 1 inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that can be accessed at the measurement date.
- Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for an asset or liability, either directly (quoted market prices for similar assets or liabilities) or indirectly (corroborated from observable market information).
- Level 3 inputs are unobservable inputs for an asset or liability.

Beyond these three levels, net asset value may be used to categorize investments without a readily determinable fair value.

SRSU invests excess working capital in TexPool. TexPool, the largest and oldest local government investment pool in the State of Texas, is managed by the Texas Comptroller of Public Accounts. TexPool investments consist exclusively of U.S. Government securities, repurchase agreements collateralized by U.S. Government securities, and AAA-rated no-load money market mutual funds. TexPool is rated AAA by Standard & Poor's. No limitations or restrictions on redemptions exist and redemptions can occur at any time. There are no unfunded commitments.

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Operating Funds Investment Policy of Sul Ross State University allows the investment of State funds in corporate bonds to be 20% to 100% of the total portfolio. The bonds must be rated in one of the four highest rating categories (AAA, AA, A, BBB).

As of August 31, 2020, SRSU's credit quality ratings, as assigned by Standard and Poor's for securities with credit risk exposure were as follows:

#### Note 5: Long-Term Liabilities

#### **Changes in Long-Term Liabilities**

During the year ended August 31, 2020, the following changes occurred in long-term liabilities:

	Balance	Additions	Reductions	Balance	Due within
	September 1, 2019	Additions	Reductions	August 31, 2020	One year
Accrued compensated absences	1,168,130.00	544,304.33	360,620.65	1,351,813.68	657,144.85

#### **Compensated Absences**

Full-time state employees earn annual leave from seven to twenty hours per month depending on the respective employee's years of state employment. The State's policy is that an employee may carry his accrued leave forward from one fiscal year to another fiscal year with a maximum number of hours up to 520 for those employees with 35 or more years of state service. Employees with at least six months of state services who terminate their employment are entitled to payment for all accumulated annual leave up to the maximum allowed. The University recognized the accrued liability for the unpaid annual leave in the Statement of Net Position. For the year ending August 31, 2020, the total accrued liability including accrued overtime totaled \$1,351,813.68. Sick leave, the accumulation of which is unlimited, is earned at the rate of eight hours per month and is paid only when an employee is off due to illness or to the estate of an employee in the event of his/her death. The maximum sick leave that may be paid to an employee's estate is one-half of the employee's accumulated entitlement of 336 hours, whichever is less. No liability is recorded for non-vesting accumulating rights to receive pay benefits.

The University made lump sum payments totaling \$360,620.65 for accrued vacation (and/or compensatory time) to employees who separated from state service during fiscal year ending August 31, 2020.

#### Post Employment Health Care and Life Insurance Benefits

In addition to providing pension benefits, the State provides certain health care and life insurance benefits for retired employees in accordance with State statutes. Substantially all of the employees may become eligible for those benefits if they reach normal retirement age while working for the State. The University participates in the ERS insurance plans. The information regarding the state's contribution, the number of eligible retirees and the cost of providing those benefits is included in the note to the annual financial report of the ERS.

#### Note 6: Bonded Indebtedness

All bonded indebtedness for Sul Ross State University is issued by System Administration through the Texas State University System Revenue Financing System. System Administration and each component institution within the system are members of the Revenue Financing System. The Board of Regents pledged all of the funds (revenues) and balances derived or attributable to any member of the Revenue Financing System that are lawfully available to the Board for payments on Parity Debt.

System Administration issued the debt; therefore, the bonds payable attributable to the institution are

A portion of the debt represents Tuition Revenue Bonds historically funded by the Texas Legislature through General Revenue Appropriations. The Institution was appropriated \$1,531,018.00 during the current fiscal year for Tuition Revenue Bond debt service. The Institution expects future Legislative appropriations to meet debt service requirements for Tuition Revenue Bonds.

#### Note 7: Derivative Instruments

SRSU did not have any derivative activity for the fiscal year ended August 31, 2020.

#### Note 8: Leases

#### Operating Lease Obligation and Rental Agreement

Included in operating expenses is \$1,501,695.17 rent paid or due under operating leases for FY 2020.

Future minimum lease rental payments under non-cancelable operating leases having an initial term in excess of one year are as follows:

Year	Amount
2021	1,484,053.44

#### Note 10: Deferred Compensation

Not Applicable. The Employee's Retirement System will report the plans, balances and liabilities for the State.

#### Note 11: Post Employment Health Care and Life Insurance Benefits

Not Applicable. The Employee's Retirement System will report information on Post Employment benefits other than pension benefits (OPEB).

#### Note 12: Interfund Activity and Transactions

As explained in Note 1 on Interfund and Interagency Transactions and Balances, there are transactions between funds and agencies. At year-end, amounts to be received or paid are reported as: Interfund Receivables or Interfund Payables; Due From Other Agencies or Due To Other Agencies (See Schedule 1A- Schedule of Expenditures of Federal Awards, and Schedule 1B – Schedule of Pass-through Grants From/To Other State Agencies); Due From Other Funds or Due to Other Funds; Transfers In or Transfers Out; Legislative Transfers In or Legislative Transfers Out.

SRSU has not participated in any interfund borrowing during fiscal year 2020.

SRSU experienced routine transfers with other State agencies, which were consistent with the activities of the fund making the transfer. Repayment of interfund balances will occur within one year from the date of the financial statements.

Individual balances and activity at August 31, 2020 were as follows:

#### Note 16: Subsequent Events

Not Applicable.

#### Note 17: Risk Management

#### Workers' Compensation and Unemployment Compensation

The State provides coverage for workers' compensation and unemployment compensation benefits from appropriations made to other State agencies for Sul Ross State University employees. The current General Appropriations Act provides that Sul Ross State University must reimburse the General Revenue Fund Consolidated, from Sul Ross State University appropriations, 50% of the unemployment benefits paid and 25% of the workers compensation benefits paid for former and current employees. The Comptroller of Public Accounts determines the proportionate amount to be reimbursed from each appropriated fund type. Sul Ross State University must reimburse the General Revenue Fund 100% of the cost for workers compensation and unemployment compensation for any employees paid from funds held in local bank accounts. Workers compensation and unemployment plans are on a pay-as-you-go basis, in which no assets are set aside to be accumulated for the payment of claims. No material outstanding claims are pending at August 31, 2020. The University has reserved funds for uninsured losses. These are reported in the Designated Funds. At August 31, 2020 there were no accrued contingent liabilities.

#### Fire and Extended Coverage

Sul Ross State University maintains Fire and Extended Coverage and Boiler insurance on all buildings. There were no insurance claims made during the fiscal year ended August 31, 2020.

#### **Motor Vehicle**

The Texas Motor Vehicle Safety Responsibility Act requires that every non-governmental vehicle operated on a State highway be insured for minimum limits of liability in the amount of \$20,000/\$40,000 bodily injury and \$15,000 property damage. All vehicles owned and/or leased by Sul Ross State University are covered by one or two commercial insurance policies specifically customized for the Texas State University System. Both policies provides coverage to the extent of \$1,000,000 combined single liability. The coverage exceeds the extent of the waivers of State immunity specified in the Texas Tort Claims Act, Civil Properties and Remedies Code Section 101.023.

#### Note 18: Management's Discussion and Analysis

Sul Ross State University is not required to issue a Management's Discussion and Analysis report.

#### Note 19: The Financial Reporting Entity

#### Component Units (CUs)

CUs are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, CUs can be other organization for which the nature and significance of their relationship with the primary government is such that exclusion would create misleading or incomplete financial statements. Sul Ross State University has determined that it does not have legally separate organization that should be considered Component Units.
