87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

Sam Houston State University (SHSU) was established in 1879 to train teachers. For generations, these graduates contributed to the socio-economic trajectory of Texas-elevating individual skill levels and income, improving overall health, and strengthening civic engagement. Since then, the university's academic offerings have expanded significantly, however, the unwavering dedication to intellectual development and service to humanity combined with a commitment to improving the well-being of the state will always remain the same.

KAT FACTS

Enrollment

- 21,558 (Fall 2019)
- 8% Increase (2015 2019)

Ethnicity

• 49.7% White/24.7% Hispanic/17.1% African American

Demographics

- 45% First Generation
- 60% "At Risk"
- 75% of Students Work While Attending College

Carnegie Classification

- Doctoral Research University
- Community Engaged

Degrees/Colleges

- 90 Undergraduate, 60 Master's, 11 Doctoral
- Arts/Business Administration/Criminal Justice/ Education/Health Sciences/Humanities & Social Sciences/Osteopathic Medicine/Science & Engineering Technology
- 2019 Direct and indirect academic research support increased 81% to \$11.0 million

Degrees Awarded

- 5,180 (2018 2019)
- 23% Increase (5-year)
- Average Years to Graduate Decreased from 4.9 to 4.4

Accolades

- One of the Top Universities for Placing Graduates in Texas Workforce
- No. 1 Online College in Texas (Study.com)
- No. 1 Best Online Colleges in Texas (Online Colleges.com)
- No. 1 Safest Campus in Texas
- No. 2 in Texas Social Mobility Index

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

- No. 8 "Best Affordable Colleges in Texas for Bachelor's Degrees (AffordableSchools.com)
- Top 10 Performing Institutions in the U.S. for Latino Students
- Top 100 "Biggest Movers" in the U.S. (Inside Higher Ed)
- GI Jobs "Military Friendly School"

Ensuring Future Success

We know successful students build successful universities. Sam Houston State's focus has always been on providing an accessible, value-based college education that is responsive to the changing needs of both students and the Texas workforce. This keen understanding of the interrelationship and interdependency between education and workforce needs has helped to place SHSU among the top of Texas public universities for workforce placement after graduation.

Sam Houston State University's proven track record of achievement supports the need for even greater levels of collaboration and partnership to ensure that no graduate lacks the skills they need to compete in our region or beyond. Investments in workforce development that combines innovative educational approaches and highly engaged learning environments will produce graduates that fill the void between the jobs of tomorrow and the abilities needed to be successful in the future.

Leveraging Operational Efficiency and Educational Value

The value of a Sam Houston education is exemplified not only by the quality of instruction and level of student success but also by the comparable costs associated with attaining a degree. In order to build value, the university has instituted controls and processes that maximize the resources used to educate and service students. Through ongoing efficiency initiatives, administrative costs as a percentage of the operating budget have been consistently below the state average at 7.37%

An adequate level of State investment is essential to providing a high-quality educational opportunity while maintaining affordability. SHSU is thankful for the support and leadership provided by the members of the Texas legislature and the additional investments in infrastructure and operations.

EXCEPTIONAL ITEM REQUEST: INSTITUTIONAL ENHANCEMENT (Main Campus - Huntsville, TX)

Cost: \$16,000,000

Description/Justification

Sam Houston State University (SHSU) is one of the lowest funded 4-year universities in the State, consistently placing it in the bottom quartile and ranking 2nd to 4th from the bottom. SHSU is requesting an increase in Institutional Enhancement of \$16 million per year, to increase its non-formula appropriations and align these with its peer universities in the State. This funding will allow SHSU to expand the quality of its educational mission by increasing programmatic investments and student success initiatives to better serve our almost 22,000 students, many of whom are first-generation.

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

External/Internal Factors

Major Accomplishments to Date:

•

- Enrollment increased 25% over the past ten years (2010 2020)
- During this same time period, Hispanic enrollment increased 96% and 38% for African American students
- Retention increased to 75.3%
- Graduation rates remain above the state average and the employment rate for graduates in their first twelve months is 70%
- 20 undergraduate, 15 masters, and 6 doctoral programs were added since 2010
- Expanded to eight colleges: Arts, Business Administration, Criminal Justice, Education, Health Science, Humanities & Social Sciences, Osteopathic Medicine, and Science & Engineering technology
- Total number of faculty grew 29.7% (headcount) with tenure/tenure-track faculty increasing 16.2%
- Renovation, repair, and infrastructure improvements total \$143.7 million over the past decade
- The number of student activities expanded to 199 with a total of 44,629 participants in 2019. Student organizations grew five percent to 251.

Some of the many recognitions the university has received include:

- One of the Top Universities for Placing Graduates in Texas Workforce
- No. 1 Online College in Texas (Study.com)
- No. 1 Best Online Colleges in Texas (Online Colleges.com)
- No. 1 Safest Campus in Texas
- No. 2 in Texas Social Mobility Index
- No. 8 "Best Affordable Colleges in Texas for Bachelor's Degrees (AffordableSchools.com)
- Top 10 Performing Institutions in the U.S. for Latino Students
- Top 100 "Biggest Movers" in the U.S. (Inside Higher Ed)
- GI Jobs "Military Friendly School"
- Classified as a 2020 "Community Engaged" university by the Carnegie Foundation (one of 359 U.S. colleges and universities/ 11 Texas institutions hold the classification)

Major Accomplishments Expected During the Next 2 Years

- Increase number of partnerships/collaborations with employers in developing joint academic programs
- Optimize human capital and increase faculty/staff ratio
- Implement process improvements and success-oriented technology to increase efficiencies and effectiveness

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

EXCEPTIONAL ITEM REQUEST: HOMELAND SECURITY INSTITUTE (Main Campus – Huntsville, TX)

Cost \$5,000,000

Description/Justification

Four Department of Homeland Security critical infrastructure sectors - transportation, energy, chemical, and health care; are located in the Southeastern region of Texas and are nationally prominent due to their size and impact. These sectors are vulnerable to threats ranging from terrorism, cyber-attacks, natural disasters, and health emergencies. In the event any one or combination of these sectors were actively threatened, severe repercussions would be felt across both the state and nation.

Protecting the infrastructure of Texas is critical. The key to building proper defensive and continuity plans is preparing the respective workforce to properly cope with threats and disruptions. This includes independent, expert research into sector-specific threats, effective mitigation approaches, continuity planning, management of cyber-attacks, and crisis management.

The SHSU Homeland Security Institute, through educational programming and research efforts, would not only enhance the security of these sectors but contribute to the security of Texans and the economy. The Institute would offer "Security and Resilience" undergraduate certificates as well as produce independent studies, reports, and policy recommendations to enhance security and effectively prepare for disasters and other disruptions.

External/Internal Factors

The SHSU Homeland Security Institute is uniquely positioned to address threats faced by the state's critical infrastructure. The university's nationally recognized College of Criminal Justice plays a prominent role in the criminal justice community across the globe. Within the college, the Department of Homeland Securities offers both undergraduate and graduate degrees as well as certificates.

A significant strategic advantage of the Institute is its close proximity to Houston and the Gulf Coast region. This area includes the largest international seaport in the U.S. by volume, 44 of 128 of the nation's publicly traded oil and gas companies, nine refineries producing over 2.3 million barrels per day, the largest medical complex in the world, and more than 1,760 life science companies.

An additional advantage is the numerous opportunities for cross-disciplinary research. Leveraging the breadth and depth of knowledge found across the university's eight colleges would enrich the quality of education, training, and research.

TRB REQUEST: ALLIED HEALTH BUILDING (Center for Health Professions - Conroe, TX)

Construct & Equip \$70,000,000 Cost of Debt Service/Year 5,950,000

Description/Justification

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

The SHSU Center for Health Professions is located on a 7-acre parcel of land in Conroe, TX. Within the Center's campus, a 108,000 sq. ft. facility houses the College of Osteopathic Medicine (COM,) which will seat its inaugural class of seventy-five students in August 2020.

As part of SHSU's strategic plan, expanding health and healthcare programs remains critical to meeting the state's current and future workforce needs, particularly in rural and underserved areas. This plan calls for the consolidation of existing and future allied health programs in a 100,000 sq. ft. facility designed to support the unique teaching, laboratory, and research needs of these disciplines. The proposed Allied Health building would be constructed within the Center's grounds adjacent to the COM facility.

Current programs include:

- Nursing,
- Public Health,
- Health Care Administration,
- Wellness Management,
- Bilingual Health Care Studies, and
- Health Sciences and Forensic Science graduate programs/research

External/Internal Factors

Centralizing allied health programs in close proximity to the medical school facility will facilitate the development of interdisciplinary professional education. Further, it will allow productive cross-disciplinary collaborations for program development and research. Greater efficiencies and effective outcomes will be achieved through these synergistic efforts and the leveraging of resources, all very needed as the current health programs are amongst SHSU's fastest-growing. Ultimately, these highly-trained healthcare professionals will bring the skills and capabilities needed by the state, particularly in rural and underserved areas.

TRB REQUEST: ACTIVE LEARNING CENTER (Main Campus - Huntsville, TX)

Construct & Equip: \$60,000,000 Cost of Debt Service/Year \$5,100,000

Description/Justification

SHSU's focus on student learning outcomes/success led to the adoption and integration of active learning strategies. Active learning is based on the theory that learning is an active, contextualized process of building rather than simply acquiring information. Abundant evidence from research and psychology of learning studies clearly demonstrates that an active approach or increased engagement in the classroom leads to improved student learning and academic success. However, while SHSU faculty becomes increasingly proficient in the application of active learning principles and methodologies, existing classroom architecture constrains teaching capabilities and the student's learning experience.

The Active Learning Center, a new 80,000 net assignable square foot facility, would represent a major leap in the university's ability to advance students' critical thinking

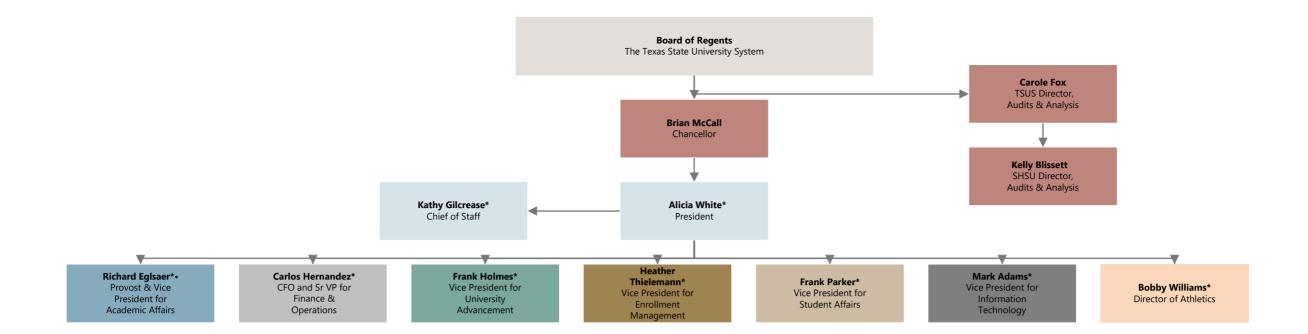

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

and solution-driven skill sets needed by today's workforce and those of the future. The building architecture would facilitate active learning and support student success through engaged, innovative teaching and learning environments, multi-modal research spaces for rapidly expanding programs, and remodeled space for success-oriented services such as advising and mentoring programs, career services, enrollment management, and other highly effective initiatives.

External/Internal Factors

This facility will provide technology-rich and collaboration-enabled flexible spaces that are critical to active learning strategies. SHSU has also committed resources to retrofit existing spaces that are suitable for this modality of instruction. The need for multi-modal research space continues to outstrip our capacity as our undergraduate research programs continue to grow and enjoy increasing success. With this facility, the full benefits of active learning will greatly enhance student outcomes leading to highly-trained graduates with the skill sets needed to contribute positively to the Texas workforce and state economy.

SAM HOUSTON STATE UNIVERSITY

Description of Functional Unit and FTE Supervision

TITLE: President

NATURE & PURPOSE OF POSITION: The President is the Chief Executive Officer of Sam Houston State University and is responsible for the development, maintenance and utilization of the University's resources in such a manner that its goals, and objectives are achieved in the most effective and efficient manner, and in accordance with the desired philosophy as determined by the Board of Regents.

FTE Supervision: 8

TITLE: Provost and Vice President for Academic Affairs

NATURE & PURPOSE OF POSITION: To assist the Office of the President in providing expertise and leadership in the development and operation of a major division of the University. Oversight of academic Colleges of Sciences and Engineering Technology, Health Sciences, Business Administration, Criminal Justice, Education, Humanities and Social Sciences, Arts and Media and Osteopathic Medicine and all other academic service areas.

FTE Supervision: 11

TITLE: Vice President for Finance and Operations

NATURE & PUPOSE OF POSITION: To assist the Office of the President in providing expertise and leadership in the development and operation of a major division of the University. Oversight of all financial operations and physical facilities of the University, as well as, human resources, custodial and grounds and procurement.

FTE Supervision: 5

TITLE: Vice President for University Advancement

NATURE & PUPOSE OF POSITION: To assist the Office of the President in providing expertise and leadership in the development and operation of a major division of the University. Oversight of university development, fund raising, marketing, museum, alumni relations, and public relations.

FTE Supervision: 5

TITLE: Vice President for Enrollment Management

NATURE & PUPOSE OF POSITION: To assist the Office of the President in providing expertise and leadership in the development and operation of a major division of the University. Oversight of career services, financial aid, registrar, undergraduate admissions, Bearkat OneCard, Sam Center and visitor center.

FTE Supervision: 5

TITLE: Vice President for Student Affairs

NATURE & PUPOSE OF POSITION: To assist the Office of the President in providing expertise and leadership in the development and operation of a major division of the University. Oversight of Lowman Student Center, recreational sports, counseling services, health services, student activities, residence life and public safety services.

FTE Supervision: 7

TITLE: Vice President for Information Technology

NATURE & PUPOSE OF POSITION: To assist the Office of the President in providing expertise and leadership in the development and operation of a major division of the University. Oversight of information technology in the areas of infrastructure, support services, enterprise services, and client services.

FTE Supervision: 6

TITLE: Director of Athletics

NATURE & PUPOSE OF POSITION: Responsible for all activities, operations, and policies of the Athletic Department. Represents the Athletic Department on conference, state, and national level.

FTE Supervision: 17

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Instruction and Operations Formula provides funding for faculty salaries, departmental operating expense, library, instructional administration, research enhancement, student services and institutional support. The funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour is established by the Legislature each biennium. Funds also support the executive administrative business and fiscal management, development, Criminal Justice Center, scholarships, and campus security.

(1) - Formula funded strategies are not requested in 2022-23 because amounts are not determined by institutions.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Student enrollment, state employee pay increases, salaries offered by other states attempting to attract qualified and capable faculty impact this strategy. Cost of supplies and salaries paid in order to remain competitive with both public and private sector's counterparts have impact. State laws and regulations, reporting requirments, and audit finding also have an effect. Additional information for this strategy is available in Schedule 9, Special Item Information.

STRATEGY DESCRIPTION AND JUSTIFICATION:

This is a budget balance account that provides resources used in providing a land laboratory which is utilized to provide instructional and research support for the agricultural science students and faculty and to provide public service demonstrations and activities for educational and industrial groups. External funds are received to fund various research and demonstration projects.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

An ongoing cooperative agreement with the United States Department of Agriculture and the Children's Nutrition Research Center, Houston has in the past been extended and expanded in scope. Other external research funds are utilized by faculty and students to conduct individual projects. Cooperative field days and research are conducted with local, state, and national agricultural agencies on an as needed basis.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Infrastructure Support formula distributes funding associated with plant-related formulas and utilities. This formula is driven by the predicted square feet for universities' educational and general activities produced by the Coordinating Board Space Projection Model. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

This strategy is impacted by hazardous waste deposit regulations, property increase premiums, cost of classroom and laboratory furnishings and cost associated with safe management of physical plant. Cost of building materials, repairs, and alterations also impact this strategy. Cost of supplies and services as well as state authorized salary increases impact this strategy. This strategy is also affected by changes in cost of utilities, weather, after hours functions requiring conditioned buildings, and conditioned space increases.

(1) - Formula funded strategies are not requested in 2022-23 because amounts are not determined by institutions.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Sam Center and its satellite office will provide all Sam Houston State University students with an easy access to faculty advisors and academic support services. This center's staff will help recruit and retain students and improve their academic performance. Additional information for this strategy is available in Schedule 9, Non-Formula Support.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

The university currently provides both the general studies and mandatory advisement programs as well as academic support services for all students that will be enhanced and expanded through this appropriation.

CODE DESCRIPTION Exp 2019 Est 2020 Bud 2021 BL 2022 BL 2023

STRATEGY DESCRIPTION AND JUSTIFICATION:

The growth of new and existing Allied Health programs at SHSU is supported by a rapidly expanding population and economic base in The Woodlands area that will require a sufficient and significant supply of health providers and services to support such expansion. Since Allied Health programs predominantly require clinical teaching venues, the University requires assistance to renovate traditional teaching space into clinical settings and properly instrument the clinical laboratories.

A planned extension of the School of Nursing offerings into The Woodlands medical community (RN->BSN program) is being completed in two phases, each incorporating renovations of The Woodlands Center and new instrumentation. Phase 1 is 75% complete (\$1.8 million in SHSU funds) and Phase 2 will be completed the following year. SHSU requests \$500,000 to complete Phase 1 of Nursing expansion (complete instrumentation) and \$2.5 million for Phase 2 (renovation of space, equipment, and instrumentation). Funding in subsequent years will be used to repurpose, equip, and instrument additional clinical space to support three new programs (Health Sciences, Athletic Training, Public Health) approved Fall 2014 and additional programs that will be added. Additional information for this strategy is available in Schedule 9, Non-Formula Support Information.

LEMIT develops and provides courses in law enforcement leadership and management as authorized by HB 977 (HB 977, 73rd Leg., S.S., Subchapter D, Chapter 96, Education Code. Also section 5, sec. 415.082 (a), Government Code.) and HB 1881. HB 1881 mandated New Chief training, HB 1588 mandated Constable training and SB 1074 mandated Racial Profiling training be provided by LEMIT with no additional funds.

Implementation of this strategy will address the mission of the institute and fulfill the mandate of HB 977 by providing current and future law enforcement professionals with the opportunity to acquire and develop the knowledge, concepts, and skills necessary to deliver effective law enforcement services. HB 1881 directs LEMIT to provide executive development programs to all Texas Police Chiefs in Texas on a recurring basis.

LEMIT will undertake an expansion of its research initiative to evaluate and assess eyewitness identification issues and recommend any adaptation of the model policy disseminated to Texas law enforcement in 2012.

LEMIT will introduce an officer wellness initiative on addressing post critical stress debriefing and post-traumatic stress disorder (PTSD) in new programming venue.

LEMIT will continue the development of advanced simulation training such as challenges dealing with the media, terroristic actions, and additional operational management of critical incident response events.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The CJ Center was established by the Texas Legislature in 1963 under House resolution No. 469. This mandate directs SHSU to establish a program of excellence in criminal justice with five objectives: 1) Provide a comprehensive professional development program for criminal justice and juvenile justice practitioners throughout Texas. 2) Provide degree programs for undergraduate and graduate students preparing for careers in criminal justice. 3) Provide technical assistance and consultation services to criminal justice agencies. 4) Promote research on problems in crime and administration of criminal justice. 5) Provide scholarships and support to Sam Houston State University in Criminal Justice to criminal justice employees to enhance the mission of the agencies.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Student enrollment, state employee pay increases, salaries offered by other states attempting to attract qualified and capable faculty impact this strategy. Cost of supplies and salaries paid in order to remain competitive with both public and private sector's counterparts have impact. State laws and regulations, reporting requirements, and audit findings also have an effect, as well as the constantly changing

world of Internet technology. Additional information for this strategy is available in Schedule 9, Special Item Information. Additional information for this strategy is available in Schedule 9, Non-Formula Support Information.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Crime Victim's Institute was transferred from the Attorney General's Office September 2003 to Sam Houston State University by authority of SB 1245. The CVI has developed and actively pursued a research agenda on criminal victimization.

- 1) CVI will examine the current state of the Crime Victim Compensation fund from multiple perspectives, including victim advocates, policy makers and legislators.
- 2) CVI will continue to explore issues related to victim characteristics, victim-offender relationships, public awareness and use of sex-offender registries, human trafficking, and victimization of immigrants and minorities.
- 3) CVI will expand on research exploring the long-term health consequences and costs of victimization.
- 4) CVI will expand upon current project and develop new studies that will contribute policy-relevant research to assists in the efforts to prevent victimization.
- 5) CVI will work collaboratively with victim service providers and stakeholders throughout the State in these efforts and will disseminate the results of that research to enable agencies to work more effectively and efficiently.
- 6) CVI will advise on curriculum development for implementation of master's degree in Victim's Studies. This will have a direct impact on professional training for services for victim advocated

STRATEGY DESCRIPTION AND JUSTIFICATION:

Funds from this strategy are transferred to operations support for faculty salaries as well as providing for enhancement of other operational areas. These funds ensure the University's ability to recruit highly qualified faculty, assist with utility costs, to update such processes as registration, fee payment, application of financial aid to students' accounts, providing prospective students with information about the University on the Internet and traditional methods of communication.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

Student enrollment, state employee pay increases, salaries offered by other states attempting to attract qualified and capable faculty impact this strategy. Cost of supplies and salaries paid in order to remain competitive with both public and private sector's counterparts have impact. State laws and regulations, reporting requirements, and audit finding also have an effect, as well as the constantly changing world of Internet technology. CODE DESCRIPTION Exp 2019 Est 2020 Bud 2021 BL 2022 BL 2023

STRATEGY DESCRIPTION AND JUSTIFICATION:

In order to effectively compete for federal research grants, universities of Texas must develop technological capacity that meets 21st century research objectives. The TRIES facility at SHSU is a core university facility created precisely for this purpose. In the past two years, TRIES has successfully competed for Department of Defense grants, and its researchers have demonstrated a high level of expertise and developed a solid track record for delivering results. In order to increase capacity and to better target funding opportunities with homeland security and defense applications, TRIES will need to maintain state-of-the-art visualization training capability. In addition, TRIES analytical and visualization laboratories continue to provide high level research experiences to low and moderate income undergraduate and graduate students. The requested funds demonstrate the state's continuing commitment to build infrastructure that supports advanced research as well as federal grant initiatives.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

This State Special Item is especially valuable, because it shows the institutional and State commitment when funds are sought from outside the University. The basic infrastructure of this core research facility makes our institutional and faculty research proposals more competitive and enhances their likelihood of being funded.

Assisting the University obtain several large federal awards for environmental studies has very effectively leveraged this State Special Item funding. This item is especially valuable, because it shows the institutional and State committment when funds are sought from outside the University. This support of basic infrastructure makes our federal proposals more competitive and enhances the likelihood of receiving federal funds. Additional information for this strategy is available in Schedule 9, Non-Forumla Information.

The Research Development Fund is distributed among eligible institutions based on the average amount of restricted research funds expended by each institution per year for the three preceding fiscal years. The purpose of these funds is to promote research capacity. The Research Development Fund was established by the 78th Legislature to provided funding to promote increased research capacity at eligible general academic teaching institutions. This Fund replaced the Texas Excellence Fund. The Research Development Fund is a fund held outside the State Treasury with the State Comptroller administering and investing the Fund proceeds. The amount appropriated to Sam Houston State University is determined by the Legislature each biennium period. The basis used for allotment of funds is the average amount of Restricted Research Funds expended by SHSU per year for the three preceding state fiscal years. This information will be verified and provided to the Comptroller through the Texas Higher Education Coordinating Board.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

External factors impacting this strategy are current rate of returns on investments, state of Texas economy, Legislative intent, and availability of research grant funds. Internal factors impacting this strategy are the dollar amounts of outside research grants obtained by the University.

TOTAL, METHOD OF FINANCING

\$16,000,000 \$16,000,000 175.00 175.00

FULL-TIME EQUIVALENT POSITIONS (FTE):

DESCRIPTION / JUSTIFICATION:

Sam Houston State University (SHSU) is one of the lowest funded 4-year universities in the State, consistently placing it in the bottom quartile and ranking 2nd to 4th from the bottom. SHSU is requesting an increase in Institutional Enhancement of \$16 million per year, to increase its non-formula appropriations and align these with its peer universities in the State. This funding will allow SHSU to expand the quality of its educational mission by increasing in programmatic investments and student success initiatives to better serve our almost 22,000 students, many of whom are first generation.

EXTERNAL/INTERNAL FACTORS:

Major accomplishments to date and expected over the next two years: Enrollment increased 25% over the past ten years (2010 – 2020)

During this same time period, Hispanic enrollment increased 96% and 38% for African American students

Retention increased to 75.3%

Graduation rates remain above the state average and the employment rate for graduates in their first twelve months is 70%

Year established and funding source prior to receiving special item funding: 2002 - NA

Formula funding:Institutional Enhancement is not eligible for formula funding and as a result non-formula support is needed on a permanent basis for continued operations. Non-general revenue sources of funding:NA

Consequences of not funding: This Special Item funding, Institutional Enhancement, has helped further the university's strategic initiatives and contributed to value-added improvement across critical areas in academics, student success and infrastructure. A reduction or loss of this funding would slow this progress by deferring activities and initiatives.

DESCRIPTION / JUSTIFICATION:

FULL-TIME EQUIVALENT POSITIONS (FTE):

Southeastern Texas is nationally prominent with respect to four Department of Homeland Security-designated critical infrastructure sectors: 1) transportation, 2) energy, 3) chemical, and 4) healthcare.

These sectors are not only critical for southeastern Texas, but also for the nation, and are vulnerable to threats ranging from terrorism, to cyber-attacks, to natural disasters, and public health emergencies.

Addressing these challenges requires preparing their respective workforces to cope with threats and disruptions while maintaining security and continuity of operations. Meeting these needs also requires independent, expert research into sector-specific threats, approaches to mitigation, planning for continuity of operations, the management of cyber-attacks, and crisis-management.

The overall goal of the SHSU Homeland Security Institute, both through its educational and research efforts, will be to enhance the security and resilience of the transportation, energy, chemical, and healthcare sectors, and thus contribute to the security and resilience of Texans and the Texas economy.

The Institute will offer the following undergraduate certificate programs in "Security and Resilience in the:

- Transportation Sector"
- Energy and Chemical Sectors"
- Healthcare Sector"

The primary outputs of the institute beyond these certificates will be studies, reports, and policy recommendations to enhance security and to prepare more effectively for disasters and other forms of disruption.

SHSU Homeland Security Institute's research and analytical foci:

18.00

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST) DATE: 9/18/2020 TIME: 9:20:34AM

Agency code: 753 Agency name:

Sam Houston State University

CODE DESCRIPTION Excp 2022 Excp 2023

- The nature of threats and strategies for their mitigation in the transportation, energy, chemical, and healthcare sectors.
- Best practices in threat-mitigation, preparedness, response, and recovery.
- Inter-agency and Intra-sector communication, collaboration, and joint preparation.
- Continuity of Operations planning and execution.
- Strategic planning, management, and decision-making in crises.

EXTERNAL/INTERNAL FACTORS:

The Homeland Security Institute at Sam Houston State University is uniquely positioned to address the challenges facing these critical infrastructure sectors. The University's College of Criminal Justice plays a prominent role in the criminal justice community in Texas and its Department of Security Studies offers undergraduate and graduate degree and certificate programs geared towards practitioners from the public and private sectors working within the Homeland Security Enterprise. Graduates from these programs have applied their knowledge in multiple areas within the Enterprise, including energy and healthcare security, emergency management, and law enforcement. Major accomplishments to date and expected over the next two years: The Institute's workforce preparation efforts will be directed through the three undergraduate certificate programs designed to enhance the ability of individuals in the private and public sectors, described above. The preparation will facilitate: a) security awareness, b) understanding of the nature of various threats, and c) ability to contribute to crisis-planning and business continuity efforts for the private companies or public agencies in which they are employed.

Year established and funding source prior to receiving special item funding:

Formula funding:

Non-general revenue sources of funding: None

Consequences of not funding: SHSU's goals and expected accomplishments in support of the Homeland Security Institute will be constrained by existing resources. Such constraints would limit the ability to launch the program which could hinder security measures in the region.

PCLS TRACKING KEY:

DESCRIPTION OF ANTICIPATED OUT-YEAR COSTS:

Fund the Homeland Security Institute for the out years

OBJECTS OF EXPENSE:

2008 DEBT SERVICE 5,950,000 5,950,000 TOTAL, OBJECT OF EXPENSE \$5,950,000 \$5,950,000 METHOD OF FINANCING: General Revenue Fund 5,950,000 5,950,000 \$5,950,000 \$5,950,000 TOTAL, METHOD OF FINANCING

DESCRIPTION / JUSTIFICATION:

The SHSU Center for Health Professions is located on a 7-acre parcel of land in Conroe, TX. Within the Center's campus, a 108,000 sq. ft. facility houses the College of Osteopathic Medicine (COM,) which will seat its inaugural class of seventy-five students in August 2020.

As part of SHSU's strategic plan, expanding health and healthcare programs remains critical to meeting the state's current and future workforce needs, particularly in rural and underserved areas. This plan calls for the consolidation of existing and future allied health programs in a 100,000 sq. ft. facility designed to support the unique teaching, laboratory, and research needs of these disciplines. The proposed Allied Health building would be constructed within the Center's grounds adjacent to the COM facility.

Current programs include:

- Nursing,
- Public Health,
- Health Care Administration,
- Wellness Management,
- Bilingual Health Care Studies, and
- Health Sciences and Forensic Science graduate programs/research

EXTERNAL/INTERNAL FACTORS:

Major accomplishments to date and expected over the next two years: Centralizing allied health programs in close proximity to the medical school facility will facilitate the development of interdisciplinary professional education. Further, it will allow productive cross-disciplinary collaborations for program development and research. Greater

\$5,100,000 \$5,100,000 TOTAL, METHOD OF FINANCING

DESCRIPTION / JUSTIFICATION:

SHSU's focus on student learning outcomes/success led to the adoption and integration of active learning strategies. Active learning is based on the theory that learning is an active, contextualized process of building rather than simply acquiring information. Abundant evidence from research and psychology of learning studies clearly demonstrates that an active approach or increased engagement in the classroom leads to improved student learning and academic success. However, while SHSU faculty becomes increasingly proficient in the application of active learning principles and methodologies, existing classroom architecture constrains teaching capabilities and the student's learning experience.

The Active Learning Center, a new 80,000 net assignable square foot facility, would represent a major leap in the university's ability to advance students' critical thinking and solution-driven skill sets needed by today's workforce and those of the future. The building architecture would facilitate active learning and support student success through engaged, innovative teaching and learning environments, multi-modal research spaces for rapidly expanding programs and remodeled space for success-oriented services such as advising and mentoring programs, career services, enrollment management and other highly effective initiatives.

B. Assessment of Fiscal Year - Efforts to Meet HUB Procurement Goals

Attainment:

The agency attained or exceeded two of five, or 40%, of the applicable statewide HUB procurement goals in FY 2018.

The agency attained or exceeded two of five, or 40%, of the applicable statewide HUB procurement goals in FY 2019.

Applicability:

The "Heavy Construction" category is not applicable to agency operations in either fiscal year 2018 or fiscal year 2019 since the agency did not have any strategies or programs related to heavy construction.

Factors Affecting Attainment:

Factors affecting attainment in procurement categories "Building Construction" and "Special Trade" is attributable to contractors having difficulty attracting HUB subcontractors to work in Huntsville because of the booming construction activity in Houston; HUB "Other Services" contractors have also been difficult to attract the Huntsville market.

"Good-Faith" Efforts:

The agency made the following good faith efforts to comply with statewide HUB procurement goals per 34 TAC Section 20.284(d):

During FY2018 and FY2019 Sam Houston State University sponsored six active Mentor/Protégé Program relationships with the following HUB vendors: The Burgoon Company, PDME, HBI, Team Hoke, and two with LyncVerse. In addition to advertising major bids/proposals on the Electronic State Business Daily, the University also advertises on our Jagger E-Procurement platform called BearKatBuy. The University yearly hosts a very successful HUB/Vendor Fair cooperatively with the SBDC, Texas Department of Criminal Justice, Walker County, the City of Huntsville, Huntsville Independent School District, and the Region 6 Education Service Center. Vendors continue to comment that "It's one of the best forums" because it provides them an opportunity to market their products and/or services to multiple entities at

NO FUNDS WERE PASSED THROUGH TO LOCAL ENTITIES

NO FUNDS WERE PASSED THROUGH TO OTHER STATE AGENCIES OR INSTITUTIONS OF HIGHER EDUCATION

USE OF HOMELAND SECURITY FUNDS

- 1. Safety of Facilities: SHSU increased sanitization and cleaning of facilities, provided signage as reminders of CDC guidelines, installed physical barriers to increase safety and decrease the risk of spread of the virus. There are also professional sanitization services in the Professional Fees OOE.
- 2. Safety of Students: SHSU moved all Spring and Summer 2020 classes online, Fall classes are being taught in a hybrid style to allow for better social distancing.
- 3. Financial security for staff and students: SHSU provided emergency assistance to students who are enduring financial hardships due to COVID. These expenses are both in the institutional grants as well as the CARES funding. SHSU also provided emergency leave to employees displaying symptoms during the early months of the virus. This allowed the employees to stay home without financial repercussions.
- 4. Refunds to students: During the Spring, SHSU allowed students who were housed in our dorms to move out and receive a pro=rated refund for the rest of the semester. Refunds were also available for those with dining plans and parking permits. These are shown as loss of revenue in the appropriate area.

1	Construction of Building and Facilities	Active Learning Center - The Active Learning Center, a new 80,000 net assignable square foot facility, would represent a major leap in the university's ability to advance students' critical thinking and solution-driven skill sets needed by today's workforce and those of the future. The building architecture would facilitate active learning and support student success through engaged, innovative teaching and learning environments, multi-modal research spaces for rapidly expanding programs and remodeled space for successoriented services such as advising and mentoring programs, career services,	\$ 60,000,000				\$ 60,000,000		Tuition Revenue Bond	No	No		\$ 4,500,000	001	General Revenue
2	Construction of Building and Facilities	enrollment management and other highly effective initiatives. Allied Health Building - \$70,000,000 to construct and equip a facility to house Allied Health programs. The debt service needed is \$5,950,000 per year. SHSU focuses on high need areas in the Texas workforce and address the shortage of adequately prepared health professionals in the state. This funding will allow SHSU to construct and equip a new 100,000 square foot facility to properly house existing programs in Public Health, Health Care Administration, Wellness Management, Billingual Health Care Studies, Health Sciences and Forensic Science graduate programs/research as well as support future Allied Health programs. This facility will provide modern teaching, lab and research space for these programs with associated support areas, administrative suite and faculty offices.	\$ 70,000,000				\$ 70,000,000		Tuition Revenue Bond	No	86th		\$ 5,250,000	0001	General Revenue

108,000 80,000

Project Description

\$70,000,000 to construct and equip a facility to house Allied Health programs. The debt service needed is \$5,250,000 per year. SHSU focuses on high need areas in the Texas workforce and address the shortage of adequately prepared health professionals in the state. This funding will allow SHSU to construct and equip a new 100,000 square foot facility to properly house existing programs in Public Health, Health Care Administration, Wellness Management, Bilingual Health Care Studies, Health Sciences and Forensic Science graduate programs/research as well as support future Allied Health programs. This facility will provide modern teaching, lab and research space for these programs with associated support areas, administrative suite and faculty offices.

Net Assignable Square Feet in

Gross Square Feet: Project 100,000 80,000

Project Description

SHSU's focus on student learning outcomes/success led to the adoption and integration of active learning strategies. Active learning is based on the theory that learning is an active, contextualized process of building rather than simply acquiring information. Abundant evidence from research and psychology of learning studies clearly demonstrates that an active approach or increased engagement in the classroom leads to improved student learning and academic success. However, while SHSU faculty becomes increasingly proficient in the application of active learning principles and methodologies, existing classroom architecture constrains teaching capabilities and the student's learning experience.

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

Allied Health Programs

(1) Year Non-Formula Support Item First Funded: 2016

Year Non-Formula Support Item Established: 2016

Original Appropriation: \$3,000,000

(2) Mission:

Sam Houston is a multicultural institution whose mission is to provide excellence by continually improving quality education, scholarship, and service to its students and to appropriate regional, state, national, and international constituencies. Located just north of the Houston metropolitan area, our geographical region has witnessed significant growth. In fact, the rapidly expanding population and economic base in The Woodlands will require a sufficient and significant supply of health providers and services. To support the needs of this growth, SHSU is developing and expanding a number of programs in the field of Health Sciences such as the School of Nursing, Public Health, Athletic Training, as well as pre-professional health programs (e.g., pre-chiropractic, pre-occupational therapy, pre-physical therapy). In order to develop viable programs in these health-related areas, seed money is needed to 1.) recruit new faculty and students; 2.) develop learning environments that will support clinical teaching and research; and 3.) equip the clinical teaching areas with current clinical instrumentation. In addition, the instructional needs of clinically trained professionals demand smaller class sizes as well as special attention to appropriate supervision. In order to accomplish these goals, additional adjunct clinical faculty will need to be employed.

(3) (a) Major Accomplishments to Date:

This funding supported ongoing operations, faculty and staff salaries in the College of Health Sciences. During the past three years, enrollment in Nursing increased by 100% (from 50 students per cohort to 100); Athletic Training enrollment increased by approximately 20%.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Funding in subsequent years supports continued enrollment growth in these high demand programs, by providing salaries for current and future faculty and staff needs. New Health programs including Respiratory Therapy, MS-Nursing, MS-Athletic Training, Physical Therapy, and Physician Assistant programs are in the planning or investigatory stages.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

None

(5) Formula Funding:

None

(6) Category:

Instructional Support

(7) Transitional Funding:

N

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

This funding has been critical in advancing Health Sciences Program development and supporting the underlying enrollment growth. Funding limitations or elimination will negatively affect institutional ability to continue expansion in these programs, and/or the introduction of additional high-demand programs. Loss of the funding therefore affects our ability to provide much-needed professionals in these critical health areas.

(10) Non-Formula Support Needed on Permanent Basis/Discontinu

The funding for this non-formula support is needed on a permanent basis.

(11) Non-Formula Support Associated with Time Frame:

There is not a time frame for this item.

(12) Benchmarks:

This non-formula support item requires on-going support.

(13) Performance Reviews:

The University monitors these programs to ensure they support the strategic priority to educate and empower a diverse student body. This include metrics related to graduation and retention rates in addition to student success.

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

Bill Blackwood Law Enforcement Management Institute of Texas

(1) Year Non-Formula Support Item First Funded: 1993

Year Non-Formula Support Item Established: 1993

Original Appropriation: \$3,300,000

(2) Mission:

The mission of the Bill Blackwood Law Enforcement Management Institute of Texas (LEMIT), created by the Texas Legislature in 1989, is to prepare programs for police management in initiatives to develop the administrative, analytical, and executive skills of current and future law enforcement officials. The programs include comprehensive examinations of public administration, management issues, legal, and social environments of policing as well as advanced technical issues facing the discipline.

Dedicated Fund: Source of funds is based on criminal offenses.

(3) (a) Major Accomplishments to Date:

Since September 1993 LEMIT has worked to develop contemporary and relevant leadership development programs for policing executives. LEMIT programs deliver timely and applicable curriculum through New Chief Development Series, Texas Police Chief Leadership Series (TPCLS), Continuing Education of Constables (CEC), and the Leadership Command College (LCC). To date, police chiefs attending TPCLS have received professional development on legislatively mandated topics such as body camera policy and training applications. LEMIT, through TPCLS, has provided chief executives with information on the concept of procedural justice and community responsibility. LEMIT's designation to provide leadership development to Newly Elected Constables and Constables Continuing Education provides these elected officials with opportunities to address ethical and professional standards of their role in serving the community. Special Professional Development Programs are created in response to requests from policing executives for basic instructor's course, implicit bias and de-escalation techniques, and first-line supervisor's courses. LEMIT continues to expand its research initiatives through the evaluation and assessment of eye-witness identification issues. Additionally, research and best practice associated with body-worn camera technology resulted in on-line curriculum development as outlined by Senate Bill 158.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

LEMIT through its state of the art facility will continue the development of advanced leadership training. This training will provide a research-based immersive experience on operational management of agency responsiveness. Such as critical incident response events, target efforts for officers in crisis, female leadership, emergency management, and environmental enforcement. Currently, LEMIT leads the field in this type of immersive training. Through its Leadership Command College (LCC), the curriculum will address the evolving needs of agencies by providing innovative concepts, techniques, and knowledge. LEMIT will continue an officer wellness initiative on addressing post-critical stress debriefing and post-traumatic stress disorder (PTSD) in a new programming venue for officers. In partnership with law enforcement agencies, LEMIT will address first responder mental health concerns, with the delivery of the Post Critical Incident Seminar (PCIS). LEMIT will expand its partnerships with agencies to conduct research on key issues to improve practices. In collaboration with the College of Criminal Justice at Sam Houston State University, LEMIT remains committed to the development of best practice research in criminal justice and criminology. LEMIT delivers advanced education to law enforcement leaders and provide instruction designed that creates a path to enhanced philosophy to further strengthen partnerships toward improving community relationships and quality of life.

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

None

(5) Formula Funding:

None

(6) Category:

General Revenue-Dedicated and Fee Funded Items

(7) Transitional Funding:

Ν

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

No funding to LEMIT will effect professional development deliverables to Texas public safety personnel. LEMIT participants say the education, best-practice research, and policy development proficiency are invaluable to peace officers and their communities. With no funds, the following are a few examples of implications. First, mandatory training for Police Chiefs and Constables will not exist.

Public Safety – Reduction in training opportunities. LEMIT's professional development series are timely and relevant. This has existed for over 30 years. LEMIT's constituency request it continue to develop current and future leaders with emphasis on accountability, responsibility, and developmental outcomes. Agency leadership request LEMIT build a resiliency capacity for first responders.

Research – Research answers significant questions and new perspectives. Agency exploration of new practices with research-based information supports decision makers. Research gives priority to resources and projects analyze innovation to deliver tangible improvements to communities. Research opportunities would be limited.

Policy Development – Guidance associated with model policy development will be obsolete. Agencies depended on LEMIT's model policies related to eyewitness identification and racial profiling. Each piece of policy work is an opportunity to refine the field of policing. Dedicated public servants who administer these important program components could be laid off.

(10) Non-Formula Support Needed on Permanent Basis/Discontinu

The Non-Formla GRD is needed on a permanent basis for this program to operate

The University monitors these programs to ensure they support the strategic priority to educate and empower a diverse law enforcers.

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

Center for Business & Economic Development

(1) Year Non-Formula Support Item First Funded: 1992

Year Non-Formula Support Item Established: 1992

Original Appropriation: \$144,358

(2) Mission:

To communicate with SHSU alumni and friends. To create and disseminate knowledge through the Journal of Business Strategies, a peer-reviewed journal, which is distributed internationally in hard-copy and electronically. The Center also produces a faculty research working paper series that is available electronically. To provide small business experience to SHSU students. To help, through the SBDC, small businesses in an eight-county area to become established, grow, survive, and succeed by providing economic data, economic impact studies, and other experts as needed. Funding for this special item supports the mission of the institution primarily through a variety of public services developed by and delivered through the Gibson D. Lewis Center for Business and Economic Development. The Center is a major service arm for the University and the College of Business Administration.

(3) (a) Major Accomplishments to Date:

The Gibson D. Lewis Center's website provides international, national, state, regional, & local data for businesses, governmental bodies, developers, and researchers. The Center completed several studies that measure the economic impact of activities, including the economic impact of Sam Houston State University on the regional economy. The Center published several Working Papers Series, available electronically. The Center co-sponsors with the Department of Economics & International Business a seminar series held on average once each month. The Journal of Business Strategies is published two times per year, distributing approximately 850 copies to libraries, subscribers, and other institutions. Past issues are available online.

The SBDC continues to meet or exceed its goals on an annual basis. Since the creation of the fund in 1991, over 1,540 new businesses have opened, creating more than 4,370 new jobs in the eight county service area. The SHSU office continues to operate and maintain small business satellites throughout its service area. Training seminars are held monthly in the Center's computer lab. Since its inception, over 2,325 business-training seminars have taken place with over 21,640 attendees. The SBDC electronic monthly newsletter is sent to approximately 1,000 clients and prospective clients, covering various topics of economic data relating to the immediate service area. The SBDC has assisted clients in obtaining over \$90 million dollars in financing.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

The Gibson D. Lewis Center for Business and Economic Development will continue to improve its website, providing international, national, state, regional and local data for businesses, governmental bodies, developers, and researchers. The Center will generate Industry Impact studies and forecast the economic impact of key economic events. The Center will co-sponsor the monthly Economic Seminar Series. The Journal of Business Strategies will be published on a semi-annual basis. The Center will publish a regional newsletter that provides regional and local data for businesses and governmental bodies.

The SHSU SBDC will continue to be the cornerstone of education and business counseling for the area. The coronavirus pandemic will no doubt have a major impact on the local and area business communities. SBDC will increase engagement with businesses in the community as they recover from this economic disaster, while assisting new businesses that will start resulting in new jobs. Training sessions will continue, focusing on areas related to recovery and business strategy, as well as starting and running a business. Monthly newsletters and media outreach will influence more clients and prospective clients.

The SBDC will continue to work with professors, students, and local leaders, providing a community outreach to help local and area businesses. The partnership has been extended to a working relationship between our Center, the Lone Star SBDC and the SHSU-The Woodlands Center.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

By unrestricted donations. Funds were received from the publishing of the Journal of Business Strategies newsletter, public and private donations in and around Huntsville to the SBDC

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

Crime Victims' Institute

(1) Year Non-Formula Support Item First Funded: 2012

Year Non-Formula Support Item Established: 2012

Original Appropriation: \$288,903

(2) Mission:

The Crime Victims' Institute (CVI) was created by the 74th Regular Session of the Texas State Legislature in 1995. As mandated by statute, the mission of the Institute is: 1) to study the impact of crime on victims of all ages, their family members, and society to promote a better understanding of victimization; 2) to improve victim services; 3) to assist victims of crime by giving them a voice, and 4) to contribute to victim-related policy-making. The Institute conducts research and in-depth analysis of victimization, with special attention to the victimization experiences of Texas residents. Further, the Institute is directed to evaluate the effectiveness of policy and programs in preventing victimization and addressing the needs of victims, to assess the cost-effectiveness of existing programs and policies, and to make general recommendations for improving service delivery systems and agency response for victims in Texas. the Institute uses information from this research to advise and assist the legislature in developing plans, programs, and policies addressing victimization and further disseminates the results of this research to other stakeholders and the public.

(3) (a) Major Accomplishments to Date:

This biennium, research has focused on college campus sexual assault, human trafficking, and hate crimes. Additional research centered on campus climate surveys, victimization of LGBTQ+ populations, bystander intervention, cyberstalking, child maltreatment, police response to gender violence, and trauma-informed training for justice personnel. Research has been disseminated in refereed journals, action-oriented reports to legislators and other stakeholders, presentations at state and regional conferences, national academic meetings, and service provider workshops. CVI has contributed policy-relevant research to inform state, regional, and national dialogue about victimization. Following earlier years, CVI compiled a statewide Dashboard in 2018-2019 to summarize official statistics using publically-available data to track victimization and response by victim service and justice agencies. CVI is an active member of the Texas Victim Services Coalition. The Director of CVI is also an elected At-Large Member on the Executive Board of the Texas Victim Services Association. CVI has established a research partnership with several police agencies and the Federal Bureau of Investigation—Houston and has an active and working Advisory Board representing social and justice agencies across the state. Through these partnerships, CVI maintains communication with victim service and criminal justice personnel and remains abreast of issues involving victimization.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

CVI will continue to explore issues related to victim characteristics, victim-offender relationships, gender violence, marginalized communities, and system response to victims. CVI will expand research on trauma and the body/brain response, perpetrators, victimization consequences, and strategies for improved service provision, including training, programming, targeted hiring, and long-term climate transformation within agencies. CVI will continue to update the statewide Dashboard annually to monitor data on victimization in Texas. CVI will prepare reports and refereed journal publications addressing victim-centered, trauma-informed justice system responses and will be collaborating with multiple police partners to develop strategies for improved response to sexual and domestic violence. CVI will expand on current projects and develop new studies as informed by its active Advisory Board to assist the Legislature and other stakeholders to prevent victimization. CVI will work collaboratively with victim service providers and stakeholders in Texas and disseminate research results for agencies to work more effectively and efficiently. CVI will also continue to distribute translational research to a variety of audiences through the use of Legislative Briefs, Research Reports, and special issue reports. The goal of these projects, reports, and presentations is to translate research into useful recommendations for policy and practice.

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

(4)	Funding	Source Prio	r to Receiv	ing Non-	Formula	Support	Funding:

None

(5) Formula Funding:

None

(6) Category:

Instructional Support

(7) Transitional Funding:

Ν

(8) Non-General Revenue Sources of Funding:

None

(9) Impact of Not Funding:

The elimination of the CVI will impede the research component that provides a service to victims within the Texas and provides empirically-based guidance to policy-makers concerning crime victims and effective prevention and response. This has been important for service providers and justice agencies in their response to victims of crime. Victimization has short- and long-term consequences for victims, their families, and society. The work of the CVI is critical to understanding victimization and its many health, educational, employment, familial, and broad social consequences, which have implications across institutions in Texas. These affect health, legal, educational, financial, social, and justice systems. The Institute's research also contributes to dialog on the collateral consequences of victimization regarding how immediate and extended family members and communities are affected by victimization. Limiting or eliminating funding for CVI would be detrimental to the advances already made that inform ways systems can: 1) mitigate survivor trauma, 2) prevent victimization, 2) increase victim participation in the formal justice process, 3) increase suspect apprehension, 4) limit case attrition, and 5) enhance public safety. Information derived from research conducted by the CVI is necessary to aid development of effective strategies to prevent victimization and to address the needs of Texas victims.

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

Criminal Justice Correctional Management Institute of Texas

(1) Year Non-Formula Support Item First Funded: 1994

Year Non-Formula Support Item Established: 1994

Original Appropriation: \$1,223,937

(2) Mission:

The mission of the Correctional Management Institute of Texas (CMIT) and the Criminal Justice Center is to provide educational and professional development opportunities for current and future criminal justice and juvenile justice practitioners to acquire and develop the knowledge, concepts, and skills necessary to enhance the corrections profession. In fulfilling this mission, the Criminal Justice Center provides degree programs for undergraduate and graduate students preparing for careers in criminal justice and engages in research on problems associated with crime, criminal behavior, correctional policy, and the administration of justice. The Correctional Management Institute of Texas develops and delivers relevant professional development training for institutional and community corrections personnel and provides program evaluation and technical assistance to juvenile justice and criminal justice agencies and organizations.

(3) (a) Major Accomplishments to Date:

CMIT provides critical leadership training to correctional professionals. Working together with the Criminal Justice Center, the Institute maintains close working relationships with the criminal justice community, widely recognized as one of the key providers of professional development training for juvenile justice and criminal justice practitioners in Texas. During FY 2018 and FY 2019, the Institute, working collaboratively with a number of agencies and organizations, collectively conducted 524 training programs that served 17,878 corrections professionals and delivered more than 247,861 contact training hours.

CMIT, in a collaboration with the National Institute of Corrections (NIC) & Texas agencies to include the Texas Commission on Law Enforcement (TCOLE) and the Texas Commission on Jail Standards developed a 40 hour Mental Health Officer Course for Jails. Using NIC's current Crisis Intervention Training and TCOLE's Mental Health Officer Course; curriculum was developed and training implemented that meets TCOLE's course certification requirements. CMIT worked closely with the Sheriffs Association of Texas and subject matter experts to design curriculum that additionally includes a Trainers for Trainers course.

CMIT supported critical research through the CMIT Research Director in providing research services to the Texas Department of Criminal Justice (TDCJ) evaluating correctional officer retention and attrition as well as evaluation of rehabilitation programs.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

CMIT will work with all the appropriate collaborative partners to sustain the Mental Health Officer Certification Program recognizing this is a significant training for jail professional across Texas. CMIT will deliver an annual Mental Health Trainer for Trainer program for jail professionals to sustain and increase capacity for Mental Health training. CMIT will continue to work with a steering committee representing the appropriate partners to insure curriculum and program delivery are current and directly applicable to jail professionals.

CMIT is working with probation leadership across Texas to develop a comprehensive Executive leadership program that will provide succession capacity and enhanced leadership skills and expertise to our probation professionals.

CMIT will continue to enhance our Criminal Justice Planners program to include Court Administrators as well as Criminal Justice Directors from our large urban jurisdictions across Texas, funding a bi-annual meeting/training to provide opportunities to share best practices, exchange ideas and to gain additional expertise.

CMIT will continue to work closely with the TDCJ Research Director to help the agency evaluate correctional officer retention, attrition, and training efforts.

753 Sam Houston State University

Homeland Security Institute

(1) Year Non-Formula Support Item First Funded: 2022

Year Non-Formula Support Item Established: 2022

Original Appropriation: \$5,000,000

(2) Mission:

Southeastern Texas is nationally prominent with respect to four Department of Homeland Security-designated critical infrastructure sectors: 1) transportation, 2) energy, 3) chemical, and 4) healthcare.

These sectors are not only critical for southeastern Texas, but also for the nation, and are vulnerable to threats ranging from terrorism, to cyber-attacks, to natural disasters, and public health emergencies.

Addressing these challenges requires preparing their respective workforces to cope with threats and disruptions while maintaining security and continuity of operations. Meeting these needs also requires independent, expert research into sector-specific threats, approaches to mitigation, planning for continuity of operations, the management of cyber-attacks, and crisis-management.

The overall goal of the SHSU Homeland Security Institute, both through its educational and research efforts, will be to enhance the security and resilience of the transportation, energy, chemical, and healthcare sectors, and thus contribute to the security and resilience of Texans and the Texas economy.

The Institute will offer the following undergraduate certificate programs in "Security and Resilience in the:

- Transportation Sector"
- · Energy and Chemical Sectors"
- Healthcare Sector"

(3) (a) Major Accomplishments to Date:

The Homeland Security Institute at Sam Houston State University is uniquely positioned to address the challenges facing these critical infrastructure sectors. The University's College of Criminal Justice plays a prominent role in the criminal justice community in Texas and its Department of Security Studies offers undergraduate and graduate degree and certificate programs geared towards practitioners from the public and private sectors working within the Homeland Security Enterprise. Graduates from these programs have applied their knowledge in multiple areas within the Enterprise, including energy and healthcare security, emergency management, and law enforcement.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

The primary outputs of the institute beyond these certificates will be studies, reports, and policy recommendations to enhance security and to prepare more effectively for disasters and other forms of disruption.

SHSU Homeland Security Institute's research and analytical foci:

- The nature of threats and strategies for their mitigation in the transportation, energy, chemical, and healthcare sectors.
- Best practices in threat-mitigation, preparedness, response, and recovery.
- Inter-agency and Intra-sector communication, collaboration, and joint preparation.
- Continuity of Operations planning and execution.
- Strategic planning, management, and decision-making in crises.

Institutional Enhancement

(1) Year Non-Formula Support Item First Funded: 2000

Year Non-Formula Support Item Established: 2000

Original Appropriation: \$2,252,592

(2) Mission:

Funds from this Special Item are transferred to operations in support of enhancement strategies that focus on academic programming and initiatives, student success, workforce development and infrastructure needs. These funds have provided the flexibility needed to respond to environmental factors and shifts primarily found in demographic/psychographic, technological and economic areas.

(3) (a) Major Accomplishments to Date:

- Enrollment increased 25% over the past ten years (2010 2020)
- During this same time period, Hispanic enrollment increased 96% and 38% for African American students
- Retention increased to 75.3%
- Graduation rates remain above the state average and the employment rate for graduates in their first twelve months is 70%
- 20 undergraduate, 15 masters and 6 doctoral programs were added since 2010
- Expanded to eight colleges: Arts, Business Administration, Criminal Justice, Education, Health Science, Humanities & Social Sciences, Osteopathic Medicine, and Science & Engineering technology
- Total number of faculty grew 29.7% (headcount) with tenure/tenure-track faculty increasing 16.2%
- Renovation, repair and infrastructure improvements total \$143.7 million over the past decade
- The number of student activities expanded to 199 with a total of 44,629 participants in 2019. Student organizations grew five percent to 251.

Some of the many recognitions the university has received, include:

- One of the Top Universities for Placing Graduates in Texas Workforce
- No. 1 Online College in Texas (Study.com)
- No. 1 Best Online Colleges in Texas (Online Colleges.com)
- No. 1 Safest Campus in Texas
- No. 2 in Texas Social Mobility Index
- No. 8 "Best Affordable Colleges in Texas for Bachelor's Degrees (AffordableSchools.com)
- Top 10 Performing Institutions in U.S. for Latino Students
- Top 100 "Biggest Movers" in U.S. (Inside Higher Ed)
- GI Jobs "Military Friendly School"

(3) (b) Major Accomplishments Expected During the Next 2 Years:

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

- Increase number of partnerships/collaborations with employers in developing joint academic programs
- Optimize human capital and increase faculty/staff ratio
- Implement process improvements and success-oriented technology to increase efficiencies and effectiveness

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

Sam Houston Museum

(1) Year Non-Formula Support Item First Funded: 1911

Year Non-Formula Support Item Established: 1911

Original Appropriation: \$67,482

(2) Mission:

The Sam Houston Memorial Museum is an organized and permanent department of Sam Houston State University. It is educational in purpose, dedicated to and responsible for collection, preservation, conservation, exhibition, interpretation, and research. These efforts will extend to the historic buildings and structures, landscape, artifacts, material culture objects, books, manuscripts, and archives entrusted to its care. The Museum has two major emphases. (1) The life and times of Sam and Margaret Houston, members of the Houston family, dependents, and descendants. (2) The history, culture, and development of Texas and the Southwest, especially the period 1832-1865. The entire 19-acre Museum grounds are listed in the National Register of Historic Places. Sam Houston's "Woodland Home" is a registered National Historic Landmark, a Texas Historic Landmark, and a State Archaeological Landmark. This item supports the missions of Sam Houston State University. Over 120,000 out-of-school adults, college students, and schoolchildren annually are taught Texas history and material culture. The item fosters scholarly research through maintaining an archive and library and sponsoring regular conferences and seminars. Service is provided to Huntsville and Texas by supporting the growth of travel and tourism.

(3) (a) Major Accomplishments to Date:

The Museum preserved four original Sam Houston buildings from imminent destruction. It constructed the Walker Education Center, replica Houston kitchen, and maintenance barn, and remodeled the Memorial Museum and Rotunda. Living history interpretive stations were installed on the grounds. Houston and early Texas artifacts and objects were collected, preserved, and exhibited. The Museum completed a program to redesign and reinstall the long-term exhibits in the Memorial Museum building. \$250,000 was received from Congressional appropriation to support this program. A support program for the Museum was founded with the General Sam Houston Folk Festival, the Raven Rangers, and the Friends of the Sam Houston Museum. The Museum achieved full reaccreditation by the American Alliance of Museums, the highest honor awarded to an American museum. Three additional historic structures, Bear Bend, Roberts Farris and Guerrant Cabins, from the mid-19th century have been restored to the grounds. The museum received a donation of \$550,000 for improvement to the lower level of the Walker Education Center. The area, W. S. Gibbs Conference Hall, now serves the university and the community. The Museum is an active participant in the Texas Forest Trail region.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

87th Regular Session, Agency Submission, Version 1 Automated Budget and Evaluation System of Texas (ABEST)

753 Sam Houston State University

The Museum will create & implement new ways to integrate the Museum into the University community & the public. The Education Department will revise and restructure its programing to stimulate and attract students & visitors. The Collections Departments will reach out and encourage students by offering opportunities for research, internships and other areas of participation. The Exhibits Department will work with university departments, faculty, & students to provide opportunities.

Social media provides the education, exhibit and marketing departments ways to enhance current areas to expand contacts and provide up-to-date information. In the next two years, the Museum will implement an app with varied and expanded information and new programing.

The Museum will enhance the exhibits in the main Museum and historic homes. The historic structures are excellent venues to interpret the life and times of Sam Houston. With new technology and graphics, the Museum will enhance education and stimulate visitors.

The Museum will expand its Wi-Fi capability to the historic structures and grounds to provide increased service to our visitors & students.

The Museum will update its strategic planning in all areas. This planning includes evaluating the needs, of the buildings and grounds for the maintenance and preservation of this important historic site. The Museum will continue to monitor its expenses, funding and revenues to meet the needs in a prudent fiscally responsible manner

(9) Impact of Not Funding:

This would result in closure of the Museum, which is a registered National Historic Landmark and listed on the National Register of Historic Places. Trained and educated professional staff would be lost. Irreplaceable historic buildings and artifacts would not be properly preserved. Interpretations, demonstrations, and exhibits would be discontinued, resulting in loss of service to over 120,000 adults, college students, and schoolchildren. The museum grounds would no longer be able to serve the university and community as a safe and well-maintained park space. The State would fail to meet the legislative intent established in 1911 and again in 1936 when the historic properties were deeded to Texas.

(10) Non-Formula Support Needed on Permanent Basis/Discontinu

Non-formula support is needed on a permanent basis.

(11) Non-Formula Support Associated with Time Frame:

There is not a specific time frame.

(12) Benchmarks:

This non-formula support item requires on-going support.

(13) Performance Reviews:

The University monitors these programs to ensure they support the strategic priority to educate and empower a diverse student body. This include metrics related to graduation and retention rates in addition to student success
