THE UNIVERSITY OF TEXAS SYSTEM

PERMANENT UNIVERSITY FUND AVAILABLE UNIVERSITY FUND ADMINISTRATOR'S STATEMENT

Founded in 1883, the University of Texas System (UT System or System) is governed by a nine-person board of regents (Board or Regents) appointed by the governor and confirmed by the Texas Senate. Regents serve staggered six-year terms, with the terms of three expiring on February 1 of each odd-numbered year. The governor also appoints a non-voting student regent for a one-year term ending each May 31.

Chairman Kevin P. Eltife of Tyler (2-1-27); Vice Chairman Janiece Longoria of Houston (2-1-23); Vice Chairman James C. "Rad" Weaver of San Antonio (2-1-23); R. Steven Hicks of Austin (2-1-23); Christina Melton Crain of Dallas (2-1-25); Jodie Lee Jiles of Houston (2-1-25); Kelcy L. Warren of Dallas (2-1-25); Nolan Perez of Harlingen (2-1-27); Stuart W. Stedman (2-1-27); Student Regent Neelesh C. "Neel" Mutyala, representing Houston (5-31-23)

The chancellor of the UT System, James B. Milliken, is the chief executive officer, chosen by the Board.

The Permanent University Fund (PUF) is a state endowment fund contributing to the support of twenty institutions and six agencies of the UT System and The Texas A&M University System (Texas A&M System). The Texas Constitution (Constitution) of 1876 established the PUF through the appropriation of land grants previously given to The University of Texas plus one million acres. The land grants to the PUF were completed in 1883 with the contribution of an additional one million acres of land. The UT Board manages the PUF.

Today, PUF lands consist of approximately 2.1 million acres of land primarily located in 24 counties in West Texas (PUF Lands). PUF Lands produce two streams of income: mineral and surface. The UT Board has actively leased the surface and mineral interests of the PUF lands since 1923. The UT Board remits mineral income to the PUF and distributes surface income to the Available University Fund (AUF) as mandated by the Constitution.

Mineral income consists primarily of revenue from the periodic sale of mineral leases, royalties on gross revenues from oil and gas production, and other bonus payments. The Constitution requires that all mineral income and income from the sale of PUF Lands be retained within the PUF and invested in PUF investments.

The total net asset value of the PUF at June 30, 2022, was \$30.8 billion. Additions to the PUF are derived from oil and gas royalties, mineral lease rentals, bonuses, and other miscellaneous sources.

The UT Board entered into an investment management contract on March 1, 1996, with The University of Texas Investment Management Company, now The University of Texas/Texas A&M Investment Management Company (UTIMCO), to invest the PUF assets in accordance with Section 66.08 of the Texas Education Code. PUF investments are invested in a diversified portfolio of equity, fixed income and real return assets in accordance with the prudent investor standard. In accordance with the Constitution, distributions made from the PUF to the AUF are from the total return on all investment assets of the PUF, including the net income attributable to the surface of PUF Lands. Total return includes income returned as well as realized and unrealized capital gains. Additionally, the Constitution authorizes expenses of managing PUF lands and investments to be paid from PUF assets. Distributions from the PUF to the AUF must be determined by the UT Board in a manner intended to provide the AUF with a stable and predictable stream of annual distributions and to maintain over time the purchasing power of PUF investments and annual distributions to the AUF. The distributions to the AUF are subject to the following overriding conditions:

Administrator's Statement

8/2/2022 5:57:49PM

88th Regular Session, Agency Submission, Version 1
Automated Budget and Evaluation System of Texas (ABEST)

799 Available University Fund

1. A minimum amount equal to the amount needed to pay debt service on PUF bonds;
2. No increase from the preceding year (except as necessary to pay debt service on PUF bonds) unless the purchasing power of PUF investments for any rolling 10-year period has been preserved;
3. A maximum amount equal to 7 percent of the average net fair market value of PUF investments in any fiscal year, except as necessary to pay debt service on PUF bonds.

Two-thirds of the amounts attributable to the AUF are constitutionally appropriated for the benefit of eligible institutions of the UT System and one-third for the benefit of eligible institutions of the Texas A&M System. AUF is expended by each university system for two purposes: debt service and support and maintenance of certain institutions.

The Constitution authorizes the UT Board and the Texas A&M System Board (A&M Board) to issue bonds (PUF bonds) payable from their respective interests in PUF distributions to finance capital expenditures. The UT Board and A&M Board are authorized to issue bonds secured by each system's share of the AUF in an amount not to exceed 20% and 10%, respectively, of the book value of PUF assets at the time of issuance. At June 30, 2022, the UT System had outstanding PUF bonds and notes of \$3.557 billion. When combined with the outstanding Texas A&M System PUF bonds and notes of \$1.514 billion, the outstanding debt is approximately 18.9% of the book value of PUF investments, below the constitutional limit of 30%. After payment of debt service on PUF bonds, any remaining AUF is used to fund support and maintenance of The University of Texas at Austin, Texas A&M University, and Prairie View A&M University, along with the two system offices.

Distributions from the Permanent University Fund investments are projected to be as follows:

Actual 2021 \$1,112.3 million
Projected 2022 \$1,161.8 million
Budgeted 2023 \$1,231.1 million
Projected 2024 \$1,322.8 million
Projected 2025 \$1,429.3 million

The UT Board has established a UT System Board of Regents' Rules and Regulations, Rule 80303 (Regents' Rule 80303), on "Uses of the Available University Fund." Regents' Rule 80303 provides that the UT Board shall determine an amount to be distributed to the AUF during the next fiscal year. Article VII, Section 18 of the Constitution provides that the UT Board has the authority to distribute any amount that it deems appropriate up to a maximum rate of 7%. For FY 2023 the UT Board approved a PUF distribution of \$1,231,115,000, which equates to 5.03% of the average net asset value of PUF investments for the trailing 20 quarters ending February 28, 2022. For FY 2024 and FY 2025, the annual PUF distribution amounts are projected to increase from the FY 2023 amount by a rate equal to the estimated Consumer Price Index (CPI) plus 2.65% (not to exceed the Constitutional limits on annual PUF distributions described previously).

Overall, the investments of the PUF are broadly diversified. Risk and return are continuously assessed through sound professional management even during varied economic circumstances.
