The FY 2008-09 Health-Related Formula Advisory Committee (2006) reviewed and formally approved the qualifying criteria for sites to be included for Multi-Campus Adjustment as a part of the Infrastructure formula.

The site must be specifically authorized by legislative actions (such as a rider or change to the statute to establish the separate site of the campus).

- The site must not be in the same county as the parent campus.
- There may be more than one site (a recognized campus entity or branch location) in the separate location if the separate site meets all of the criteria for eligibility.
- The facilities must be in the facilities inventory report certified by the institution at the time the Space Projection Model is calculated.
- The parent campus must demonstrate responsibility for site support and operations.
- Only the Education and General (E&G) square feet of the facilities are included in the calculation of the Space Projection Model.
- All Buildings for UT SA Remote code 882 and 880 have been transferred to UT Rio Grande for FY 2015 .
