2024 Milestones: Summary of Rule-Making Schedule

JANUARY 2024

Adoption of **FY24** regular rules:

- Base Tier and Performance Tier funding rules
- Financial Aid for Swift Transfer (FAST) rules
- Credential of Value definition and methodology
- Fundable outcomes, weights, and rates
- Creation of Standing Advisory Committee

APRIL 2024

Adoption of **FY25** regular rules:

- Credential of Value baseline and premium tiers
- Clarifications of dual credit and transfer fundable outcomes
- Addition of 3rd party credentials to fundable outcomes
- Methodology refinements for adult learners, base tier tuition and fees, and high-demand fields

JULY 2024

Adoption of **FY25** regular rules:

- Weights and rates for fundable outcomes
- Dynamic payments process
- Methodology refinements for forecasting
- Base tier funding at 5% of performance tier

Major Changes from FY24 to FY25

Refining the New Funding Model: Areas of Focus for FY25 Rules

Based on extensive analysis and refinement, FY25 rules will include significant changes compared to FY24 rules in four major areas:

CREDENTIALS OF VALUE

FUNDABLE CREDENTIALS

HIGH-DEMAND FIELDS

METHODOLOGY + PROCESS CHANGES

Credentials of Value: Achieving Positive Return on Investment

Credentials of value provide a positive return on investments (ROI) to students. Starting FY25, community colleges will be eligible for performance funding for 2 tiers of Credentials of Value:

CREDENTIALS OF VALUE BASELINE

Institutions are funded for **all conferred credentials** when a **typical graduate** earns cumulative wages greater than median earnings of a typical high school graduate and recoups the net cost of attendance within **10 years** of earning the credential

CREDENTIALS OF VALUE PREMIUM

Institutions receive premium funding for each student earning a **credential of value** who is projected to **achieve a positive ROI at or before a target year** when most students in comparable programs are projected to reach positive ROI

Fundable Credentials: Adding New Credentials

Degrees, Certificates, and Awards

- Associate degree
- Baccalaureate degree
- Level 1 or 2 Certificate
- Advanced Technical Certificate
- Continuing Education Certificate
- Occupational Skills Awards

Credentials Leading to Licensure or Certification

Completion of a credential (not just coursework) leading to licensure or certification meeting a threshold of contact or semester credit hours
(fewer hours required for credentials in high-demand fields)

Texas Opportunity High School Diploma

Competency-based diploma program earned through concurrent enrollment in a career and technical education program

Third-Party Credentials

Credentials listed in the American Council on Education's National Guide and meet contact hours, conferral, transcript, and other program content requirements

NEW IN FY25

High-Demand Fields: Meeting Texas' Workforce Needs

Colleges receive extra funding for credentials aligned to either the statewide or their regional list, which will be evaluated every 2 years across key categories:

STATEWIDE

10

STATEWIDE HIGH-DEMAND FIELDS

Top 10 growing occupational groups according to 10-year demand projections from TWC and Bureau of Labor Statistics (BLS) data

EMERGING OCCUPATIONS

Fields designated by the Commissioner (in consultation with the Governor's office) that are critical to the state's economic needs and legislative priorities

REGIONAL

5

REGIONAL HIGH-DEMAND FIELDS

Top 5 growing occupational groups in each college's region not on the statewide list, where regions align with the Texas Comptroller's economic regions

ESSENTIAL OCCUPATIONS

Colleges can petition to add up to 5 occupational groups on their local workforce board's target list that are critical to their region's workforce needs

Methodology + Process: Aligning Incentives to Desired Outcomes

Adult Learners

Defining adult learners as those who are 25+ years old for a period (specific to program type) *prior to* earning a credential

Dual Credit

Removing double counting of standard credit hours that previously contributed to both dual credit and transfer outcomes

Transfer

Ensuring that only one college is credited for each transfer and that a college can earn transfer outcome only once per student

Outcomes Forecast

Calculating initial payments based on forecasted outcomes to better fund performance changes and implementing dynamic funding adjustments

Data Sources

Changing data source for average tuition and fees from IPEDS to THECB data for increased transparency and accuracy

Preview of Forthcoming Rules

Additional FY25 Rules: Performance Funding and Payments

Performance Funding

Performance tier funding will account for 95% of the funding model and will be based on key outcomes

Forecasting Outcomes

FY24 and FY25 fundable outcome counts will be projected from historical data for initial payments

Dynamic Payments

Payments will be adjusted to account for differences between forecasts and actual outcomes data

Performance Funding: Fundable Outcomes and Weights

FUNDABLE OUTCOMES

- Fundable credentials
- Credential of value premium
- 15 semester credit hours (SCH) of dual credit
- General academic institutions (GAI) transfer/co-enrollment with 15 SCH

OUTCOME WEIGHTS

- Economically disadvantaged students **(+25%)**
- Academically disadvantaged students **(+25%)**
- Adult learners **(+50%)**

Forecasting Outcomes: Projecting Performance Tier Outcomes

Note: Due to a lag in data availability, outcomes for FY24 and FY25 will be estimated using historical outcomes data.

THECB Texas Higher Education Coordinating Board

THECB will use historical outcomes data to estimate performance tier outcomes for FY24 and FY25:

Data Availability

FY 2018-2023 data will be used to project traditional credential outcomes, and data from FY 2020-2023 will be used for Occupational Skills Awards (OSAs)

Guardrails

Year-to-year changes will be limited to **+10% / -5%** to ensure forecasted outcomes fall within realistic limits and to provide funding stability to colleges

Funding Calculation

Funding will use actual FY23 outcome data and estimated FY24-25 outcome data with initial funding based on the best of FY25 estimates or average of FY23-25 estimates

13

13

Dynamic Payments: Funding Schedule and Adjustments

Foundation Payment (50%)

50% of fiscal year's base tier payment + 50% of performance tier payment calculated based on **projected outcomes**

Dynamic Adjustment (25% + Plus-Up)

25% of current year funding + **mid-year positive (+) adjustment** if preliminary outcomes are greater than projected

Remaining Foundation Payment (25%)

25% of current year funding paid to colleges in June

Close-Out Adjustments

Final adjustments (+/-) for differences between projected and **certified outcomes** applied 2 years later due to data lag

The logo for the Texas Higher Education Coordinating Board is centered on a dark teal background. It features the words "Texas Higher Education" in a large, light blue serif font, with "COORDINATING BOARD" in a smaller, white, all-caps sans-serif font below it. Two thin, light blue curved lines are positioned on the left and right sides of the text, resembling the shape of the state of Texas.
