Introduction

Digital Infrastructure Landscape Survey

Welcome to the inaugural Institution Digital Infrastructure Landscape Survey of Texas launched by the Texas Higher Education Coordinating Board's (THECB) Learning Technology Advisory Committee (LTAC). The goal of this survey is to gain a comprehensive overview of the digital infrastructure supporting your campuses to inform future resource, program, and service development for Texas institutions. The information provided by your institution will guide the strategic design of a shared digital space that will facilitate collaboration between institutions with similar structures, promote valuable sharing of experiences and digital resources, and leverage institutional expertise to strengthen community efforts across the state.

The Institutional Digital Infrastructure Landscape Survey of Texas contains three sections:

- **Administrative & Business:** Relates to vendors that automate, improve efficiencies, and measure the effectiveness of administrative business processes.
- **Teaching, Learning, & Collaboration:** Relates to vendors that provide instructional technology and resources that directly support teaching and learning.
- **IT Infrastructure and Information Security:** Relates to vendors that support the operation and management of the enterprise IT environment, security, data integrity, and compliance.

This survey link is for the **Teaching, Learning, & Collaboration** section of the survey. During this survey, you will be asked about the indicated subcategories below, and the primary vendor product that your institution utilizes for each.

For each primary vendor, the survey will ask multiple choice questions related to pricing, support, implementation, and collaboration.

If your institution does not use a third-party vendor in that subcategory, there will be an option to indicate that you use a custom in-house built system, no vendor product, or any other tool that you may use by indicating 'Other'.

You will also have the opportunity to indicate any additional systems that you use, but you will only answer the

multiple-choice questions for the primary vendor indicated.

The survey will launch on **06/27/2023** and close on **07/21/2023**. Thank you in advance for your time and partnership completing this important survey.
