

Texas Higher Education COORDINATING BOARD

ApplyTexas Deployment Update

Dear ApplyTexas Partners,

Please see ApplyTexas enhancements released yesterday described below.

Applicant Portal Enhancements:

- Updated the Core Questions to give applicants the flexibility to complete most of the application without immediately answering all required questions.
- Updated conditional logic so that students receive the residency affidavit only when applicable.

Admin Portal Enhancements:

- Removed graduate degrees and specialization section from Schools and Majors.
- Added dual credit column in the CSV download within Schools and Majors.

We will continue to keep you apprised of any updates or changes as they are available.

Thank you for your continued dedication and commitment to this work.
