## ApplyTexas Payment Processing

Dear Admissions and Enrollment Management Partners,

Thank you for the continued conversation around the removal of payment processing from ApplyTexas. We appreciate your willingness to share implementation plans and recommendations for communication within ApplyTexas.

We have heard that most institutions plan to generate an institution login for applicants within 48 hours of receipt of their ApplyTexas application. This login will be matched with an ApplyTexas application ID. Due to this process, a student would not be able to make payment at the point of application via a payment link within ApplyTexas since their login would not yet exist.

The recommendation is for ApplyTexas to inform applicants to look out for an email from the institution with information regarding the application fee. The communication from the institution should provide instructions on submitting payment.

We remain committed to exploring options to reintroduce payment processing within ApplyTexas as soon as possible. We appreciate your partnership as we continue to work towards the release of the new ApplyTexas. Please do not hesitate to reach out to me with any additional questions or concerns.

With regards,  
Laura Brennan
