New Interfaces for a New Era: THECB supports a wide range of stakeholders with higher education data and analysis

I want to use THECB data resources to inform decision-making. Where should I start?

- 60x30TX.com

www.60x30tx.com; www.60x30tx.org; www.60x30tx.net

- Texas Higher Education Accountability System

<http://www.txhigheredaccountability.org>

- Texas Higher Education Data website

www.txhighereddata.org

- Texas Higher Education Almanac

www.thecb.state.tx.us/almanac

60x30TX.com is a great starting point for a general audience

Consumer-friendly site that provides “snapshot” data

- Hot topics
- Infographics
- Interactive statewide, regional and institutional data
- Resources, media announcements, events
- Videos
- Ability to “deep dive” to accountability system

60x30TX.com

QDATA DETAILS

60x30: EDUCATED POPULATION

By 2030, at least 60 percent of Texans ages 25-34 will have a certificate or degree

○○○○

OVERVIEW

Texas is increasingly engaged in a global economy dependent on skilled and knowledgeable workers. Although Texas is improving college completions among groups of students who traditionally have not earned certificates or degrees in large numbers, the state has not improved quickly or broadly enough to keep up with changes in demographics.

OUR PLAN

The aim of the 60x30TX higher education strategic plan is to help all students achieve their educational goals, which in turn, will help Texas remain globally competitive for years to come.

ACHIEVING OUR PLAN

The 60x30TX plan contains four broad goals. Success in achieving the goals rests heavily on collaboration among higher education, K-12 education, and the workforce, as well as on the local creativity of Texas two- and four-year institutions.

The Texas Higher Education Accountability System

- Created in response to 2004 Executive Order from then-Governor Perry to . . .

“...provide the citizens of Texas, the Governor, and the Legislature with the information necessary to determine the effectiveness and quality of the education students receive at individual institutions...and evaluate the institutions’ use of state resources.”

The Texas Higher Education Accountability System has several related purposes

- Evaluate and compare institutional data to improve student and institutional outcomes
- Highlight state priorities for institutions and other users
- Holds institutions accountable to taxpayers, parents, and students

How Does THECB Use Accountability Data?

- New program reviews and requests
- Online institutional resumes
- Texas Higher Education Almanac/Compare College TX
- Community college Success Points
- Institutional comparisons
- Regional planning

Accountability Peer Groups

The System and Measures have been updated; final Board approval is pending

- ✓ Revised measures align to the goals and targets of *60x30TX*
- ✓ Fewer, clearer indicators of performance
- ✓ Improves ease of navigation
- ✓ Provides expanded and streamlined access to interactive data

The accountability system has a new public portal

Need Help?
Search our Quick Start Guide or other Resources above for a brief tutorial on using the system, including instructions to download data.

Select a 60x30TX goal below to see related measures for **Statewide**:

 **60x30: Educated Population**
By 2030, at least 60 percent of Texans ages 25-34 will have a certificate or degree.

 **Completion**
By 2030, at least 550,000 students in that year will complete a certificate, associate, bachelor's, or master's from an institution of higher education in Texas.

 **Marketable Skills**
By 2030, all graduates from Texas public institutions of higher education will have completed programs with identified marketable skills.

 **Student Debt**
By 2030, undergraduate student loan debt will not exceed 60 percent of first-year wages for graduates of Texas public institutions.
